He's 95  
Today

Remarkably young looking and spry for his age, Eric C. Jamieson, 1147 Hilda, celebrates his 95th birthday today. Steering clear of worry should result in long and happy life for most people, he says. Mr. Jamieson came to Canada from Inverness, Scotland, in 1906 and lived in Paris, Hamilton and Ottawa before coming here about 16 years ago. Widowed late in life, he re-married during his 80s.—(Colonist photo.)

## BCE Board Pay Cuts Considered

VANCOUVER (CP) — B.C. Electric's board of directors is studying the problem of salary reductions to bring them in line with those prevailing in other comparable organizations, the company said on Wednesday.

Dr. Gordon Shrum, BCE chairman and president, said salaries at higher levels were out of line with those prevailing in other Crown corporations and with other Canadian public utilities, whether privately or publicly owned.

He added that salaries at lower levels appeared to be more comparable.

## B.C. 'Nerve War' Hurts Revelstoke

REVELSTOKE (CP) — A CCF member of the B.C. legislature Wednesday blamed the R.C. Power Commission for a "crippling war of nerves" in a district destined for flooding and hydro-electric development.

George Hobbs, the member for Revelstoke, was speaking at hearings into the application for a licence to proceed with the vast \$458,000,000 Columbia development scheme.

Mr. Hobbs said he blamed the power commission for increased unemployment in the district, and charged commission officers at the hearings had inadequate answers to witnesses' questions.

The MLA said no allowance had been made in Columbia plans for surges in the river level.

NOT SO DEVASTATING

Provincial water comptroller A. F. Paget, conducting the hearings, said in reply "It is not as devastating as you are trying to make it sound."

## Syria Army Rises

LONDON (AP) — Military rebels last night claimed to have launched a successful uprising in Syria and seized control of the Syrian region of the United Arab Republic in a bloodless coup against the Egypt-Syrian union.

A broadcast over Damascus radio, heard in London, announced the rebels had taken over airports, seaports and radio stations.

The broadcast said the uprising was led by army commander Jamal Feysal and former UAR strongman Lt. Col. Abdel Humid Arraj.

Radio monitors in London said President Nasser of the United Arab Republic announced over Cairo radio that the U.A.R. army in Syria will march on Damascus and smash the uprising. Nasser was quoted as calling the rebellion a "blow against Arab unity."

A rebel spokesman speaking for the "high revolutionary Arab command for the armed forces," said over Damascus radio "the army is in full control and it will maintain the safety of all Egyptians in Syrian territory."

GEORGE HOBBS

## U.K. Troops Quit Kuwait

KUWAIT (UPI) — Nearly 300 British troops were flown out of Kuwait yesterday. All British forces were withdrawn from defensive lines and replaced by Arab troops and armored units of the Saudi Arabian army.

# BLUEPRINT TO END TENSION PUT BEFORE UN BY RUSSIA

UNITED NATIONS (AP)—The Soviet Union Wednesday night laid before the United Nations an eight-point program to ease international tension and promote general and complete disarmament.

The proposals, contained in a memorandum, included the freezing of military budgets, renunciation of the use of atomic weapons, a ban on war propaganda and withdrawal of all troops stationed on the territories of one country by another.

The aim of the program, the Soviet memorandum said, is to free international relations from "the burden of the cold war."

The Soviet plan called for measures to lessen the danger of surprise attack, the establishment of atom free zones in Europe, Asia and Africa, conclusion of a non-aggression pact between the NATO powers and the Communist members of the Warsaw Pact, and measures against the further spreading of nuclear weapons.

### NO NEED TO WAIT

The Soviet memorandum suggested these steps might be taken without waiting for agreement on general and complete disarmament, provided they did not give any country an advantage. It said their implementation should not divert attention from the general disarmament problem but that they should be considered as preliminary steps to improve the international atmosphere.

Here are the eight points and quotes from the plan:

- Freezing of military budgets—"The Soviet government is proposing... without waiting for the solution of the question of general and complete disarmament... to set a maximum limit for military expenditures in the budgets of states not exceeding the level of their military appropriations as of Jan. 1, 1961."

- Renunciation of the use of atomic weapons—"If the Western powers are not prepared at present to assume, together with the Soviet Union, the obligation to unconditionally renounce the use of nuclear weapons, it could be agreed as an initial step to assume the obligation not to be the first to use nuclear weapons."

- Banning of war propaganda—"In some countries, it is regarded as almost a demonstration of freedom of speech. We, calling a spade a spade, treat appeals for war, even if they are made in veiled form, as one of the gravest criminal offences..."

- Conclusion of a non-aggression pact between the countries of NATO and the Warsaw treaty—"The proposed agreement would be an expression of the fact that the states of the opposing blocs have no aggressive designs..."

- Withdrawal of foreign troops from alien territories—"As a first step all foreign troops stationed in Germany could be reduced within a certain time limit by one-third."

- Measures against further spread of nuclear weapons—"In the opinion of the Soviet government there now exists an opportunity to sign an agreement under which the nuclear powers would assume an obligation not to transfer nuclear weapons to the possession of other countries..."

- Establishment of atom-free zones—"In the opinion of the Soviet government it would be practically easy to make an atom-free zone out of the whole of the African continent..."

- Measures to lessen the danger of a surprise attack—"The most practicable measures that could be taken in the immediate future include the establishment of ground control posts at railway junctions, big ports and on motor highways which would have the task of verifying that no dangerous concentrations of military personnel and material are allowed."

## U.K. Calls Reds Double-Dealers

### Russian Policy Scorned

UNITED NATIONS, N.Y. (UPI) — Britain warned Russia yesterday against its "double-dealing" in world affairs and called upon the Soviet Union to abandon its policy of exploiting civil strife.

Britain's foreign secretary, the Earl of Home, vigorously rejected the Soviet proposal "troika," or any variant of the "troika" to direct the United Nations in succession of the late Secretary-General Dag Hammarskjöld.

### PLAN ENDORSED

In a policy speech to the General Assembly, Lord Home endorsed the disarmament plan proposed by the United States earlier this week and called for self-determination for the people of Berlin and all of Germany.

### DEFECTION CHARGED

He denounced Russia for its "deliberate deception" in preparing its current series of atmospheric nuclear tests while it negotiated with the United States and Britain at Geneva on a treaty to ban all atomic explosions.

### DESTRUCTION AIM

"I say quite straight to the Soviet Union that the world simply cannot survive another example of such double-dealing."

"There is no peace in the world," the British statesman said, "because one-third of mankind has governments dedicated to the destruction of the way of life of the other two-thirds."

### 'ADVERTISED PURPOSE'

"They have elevated to the status of dogma the exploitation of civil strife as a means to that end," he said. "I have not invented that, it appears in the published documents of the 81 Communist parties who met in Moscow last year. That is the threat to co-existence which is the advertised purpose of the Communist bloc."

### 'NO PROGRESS'

Dealing with the Soviet Union's plan for an interim secretary general with a "subtroika" of three deputies, who would have veto power over his executive and administrative decisions, Lord Home said: "MUST BE SAVED"

"I agree with the president of the United States that the United Nations must be saved... The one thing we can do to sustain it immediately is to insist that there be a single executive assisted by an international civil service, none of whom take their orders from any government."

## Red Chinese Fleeing From Soviet Fallout

Candidate

Lunching campaign for governorship of California, former Republican vice-president Richard Nixon says he will not make a second bid for presidency if he is elected to highest state office in 1961.

TAIPEI, Formosa (UPI) — Radio Peking has warned that the population of Northwest China is threatened by "dense and poisonous radioactive fallout" coming from the Soviet Union, National Chinese intelligence sources reported today.

The radio was quoted as saying that the situation in Sinkiang province bordering on Russia is so serious that inhabitants have been urged to leave the region.

### TROOPS MOVE IN

Troops have been ordered to Sinkiang to help people leave by providing them with vehicles and boats.

Peking radio said the "dense" fallout had resulted from Soviet nuclear tests in Central Asia.

### TOLD TO REPORT

Radio Peking asked people to report immediately to local authorities if they have skin burns, severe headaches, or feel unusually tired.

## Senate 'Killing' Of Tariff Bill 'Will Cost Jobs'

OTTAWA (UPI)—Prime Minister John Diefenbaker last night formally conceded that the Senate had killed his government's controversial tariff bill.

But Diefenbaker warned the upper house it "must accept the blame" for the loss of thousands of jobs which, he said, would result from the Senate's action last summer.

### 'UNTENABLE POSITION'

Diefenbaker, who had threatened to take the issue of Senate reform to the Canadian people in a general election "sooner or later," rose dramatically in the Commons to make his statement at the end of yesterday's sitting.

The prime minister said the Senate was placed "in an untenable constitutional position" in its insistence on providing a right of appeal to certain arbitrary tariff rulings by the revenue minister.

The senators "must accept the blame for the economic consequences of their action," Diefenbaker said.

### 'SENATE WARNED'

Diefenbaker had warned the senate that if it insisted on its amendment the government would not proceed with the legislation and it would die, as it did yesterday, on the Commons order paper.

But Diefenbaker warned the upper house it "must accept the blame" for the loss of thousands of jobs which, he said, would result from the Senate's action last summer.

The senators "must accept the blame for the economic consequences of their action," Diefenbaker said.

The Senate amended the legislation which gave the revenue minister absolute power in deciding whether imported goods were similar to those made in Canada and therefore liable to a higher rate of customs duty.

### 'SENATE WARNED'

Diefenbaker had warned the senate that if it insisted on its amendment the government would not proceed with the legislation and it would die, as it did yesterday, on the Commons order paper.

## Nuns Banished for Brawl

VENICE (Reuters) — Eight Roman Catholic nuns, including a former mother superior, have been dismissed from their order after engaging in a free-wheeling brawl, it was reported here Wednesday.

Magr. Angelo Tomasini, delegate of the Bishop of Treviso in north Italy, said the nuns had been reduced to lay status after "a grave act of disobedience" at the Immaculate Heart of Mary Convent near Venice.

The police commandant at Dan Dona di Piave, home of the convent, told reporters a fight broke out at the convent Tuesday between nuns of two orders.

One of the convent's nuns, Sister Elisabetta Polignano of the Franciscan Order, said a monk who intervened in the quarrel hit her and two other nuns with a stick.

Sister Elisabetta said the trouble arose out of a long-

standing disagreement between Franciscan nuns and nuns of the Clarisse Order at the convent.

"Strong words were exchanged among the nuns and a fight broke out," she continued. A monk sent to the convent to investigate the dispute then "waved a stick at us," Sister Elisabetta said.

Three Franciscan nuns, including herself, were "hit in many parts of our bodies," she said.

Sister Elisabetta said Magr. Tomasini arrived at the convent that night and ordered the Franciscan nuns to leave.

He also told the Clarisse nuns to leave, telling them to stay in a nearby orphanage. The Franciscan nuns were still at the convent Wednesday night despite the order.

Magr. Tomasini said: "If the rebellious sisters do not leave the convent voluntarily, they will be removed with the aid of public force."

## Ontario Fire Claims Seven

PORT DOVER, Ont. (CP)—Seven persons—five children and their parents—were reported to have been killed early today in a fire which destroyed their home in this Lake Erie town 27 miles south of Brantford.

A sixth child was taken to hospital in nearby Simcoe. Names of the victims were not immediately available.

## ALL ABOARD

With G. E. Mortimore

There won't be room for many of us aboard the rocket ship to Venus.

The greatest miracles of science are those that are performed on the surface of the globe—the miracles that will bring humanity more food, strength, comfort and richness of experience.

In Newfoundland, a mechanically-minded pioneer has found a new frontier in the danger of drying up water. He is using a special machine to ditch and drain the muskeg, which is fertile ground for cabbages. Millions of acres of bog may one day be used to grow food, but the biologists will have to make sure that the clamorous project is doing world's hungry people.

### Islands Out of Date

The engineers have made a machine called the Hovercraft, which is half boat and half airplane. The Hovercraft can skim across land, water or mud on its own cushion of air. If the Hovercraft fulfills its promise, inlets and rivers and lakes will become highways. Islands will be out of date.

### New Traffic Dimension

It won't be long (perhaps) before people speed to work down rivers and canals, and islanders commute daily across the salt water. Then it will be more difficult to find privacy, and our traffic clutter will spread into a new dimension. Each small miracle of science creates a demand for two or three more miracles. But the greatest miracle will be a workable plan for inducing people to forget their foolish dreams of power and grandeur and self-glorification, and strive to help each other attain a good, rich and colorful life in a clean world.

# Alert Plan Rushed

OTTAWA (CP)—The Canadian government has ordered a crash program to set up the emergency broadcasting system for use in the event of nuclear attack.

The object is to dovetail the army's siren warning system with all possible radio and television stations so the public, hearing sirens, could get information quickly from radio or TV.

Reliable informants said

Wednesday that Saturday the army will have completed direct links to key CBC stations from the regional warning centres across the country.

These centres already are tied electronically to defence headquarters in Ottawa where the army has put the warning announcements into teletype tapes for transmission the moment it gets government authority to sound the sirens.

The CBC in turn has the task of building a single national network of radio and TV stations. It involves patching together the corporation's existing regional networks and adding to them.

Now that would be done "very quickly," a CBC source said Wednesday.

The army believes it would get 15 to 20 minutes' warning of any attack.

In the event that any key radio station was destroyed in an attack, the government would use mobile transmitters to take up the broadcasting slack in that area.

The entire scheme labels the publicly-owned CBC as the agent of the government in any emergency. It will take its instructions from the army and only the CBC will do programming.

## Hovercraft Link With City Seen

LONDON (CP)—British newspapers suggest that Vancouver is seriously contemplating the acquisition of a fleet of Hovercraft to improve transportation links with Victoria.

The Daily Express and The Daily Mail say the Vancouver prospects are only part of a greater general interest in Canada in the new craft. The Vickers group is said to be hopeful of getting the

world's first order for a passenger-carrying Hovercraft within months.

In Vancouver, Glenn McPherson, president of Okanagan Helicopters Ltd., said a representative of Vickers recently approached his company concerning the Hovercraft.

No commitments had been made by Okanagan, but the company was keenly interested in the craft's performance.

## Grounded By Police

Police have slammed brakes on six-year-old Terry Appleby's daily drive to kindergarten in his father's station wagon. His dad, George Appleby of Mudbury, Ont., doesn't deny police charge that he permitted a person under 16 to operate a vehicle, but he says his son can navigate in heaviest downtown traffic and park better than many adults. —(CP Wirephoto)

### Your Good Health

## 'Ignore Them!' Best Advice To Those with Spider Veins

By JOSEPH G. MOINER, M.D.

"Dear Dr. Moiner: For several years I have been troubled with small broken blood vessels on the thighs. They are somewhat purple, and must be slightly. What can be done? They are becoming worse and are now appearing on the calf of the leg. I am 35 and of normal weight for my height. —Mrs. R.R."

These are known commonly as "spiders," or "spider veins," or quite often as "venous stars."

They are not visible, I might say, from the range at which I, like other brisk middle-aged males, might admit a hand some pair of legs walking down the street! But I can't help being aware, from letters, that this discoloration is very worrisome to women. I have yet to receive a letter, out of hundreds of thousands, from a man saying, "My wife is worried about 'spider veins' . . ."

### A MYSTERY

So I take the facts to be these: Women, who (and I approve) are very interested in their appearance, are concerned. Nobody else is.

Anyway, these "spiders" are tiny blood vessels. They are not necessarily "broken" little veins, because if they were, the result would be a purplish "bruise" mark, as the blood seeped in a small way through the tissues. (That's what a bruise is.)

Exactly what these veins are is something of a physiological mystery. The tiny little blood vessels for some reason become bluishly visible. One theory is that they may be related to the temporary increase in pressure such as raised some occasional risk of varicose veins in pregnancy. Another theory is that they are related in some way to the change in hormone production in pregnancy. And yet these spiders can appear without pregnancy, and it is equally possible for them to be absent despite repeated pregnancies.

### COME AND GO

They don't have to appear in the legs; they are known to appear elsewhere after an injury—sometimes after a mere scratch.

They don't seem to have much relationship to health. However, since there is so

much interest in them, some very detailed studies have been made, and one of them showed that many readers will be glad that these tiny blue marks can come and go. Some disappear completely. Others persist.

To date, attempts at treatment have been useless. In some cases, such efforts, in fact, can make the blemishes worse.

Lacking any better suggestion, I propose that women ignore these spiders. They don't seem to be a health problem. If they are a problem so far as appearance is concerned, then regard them as such—use some cosmetic cream or lotion to cover them up. And in that field, I bow out.

"Dear Dr. Moiner: What is the difference between a gynecologist and an obstetrician?" —Mrs. C.N."

A gynecologist is a specialist dealing with problems of the female sex organs. An obstetrician is a specialist in childbirth. As a general rule you will find that they practice in both fields—the "OB-GYN" specialists, as they are known.

## The Weather

SEPTEMBER 28, 1961

# Big U.S. Force Ready If Crisis Continues

WASHINGTON (UPI)—The United States may send nearly 500 more jet planes and thousands of additional troops to Europe by the end of the year if the Berlin crisis fails to subside, defence department sources indicated yesterday.

They raised the possibility in guarded response to reports that all or most of 18 air National Guard squadrons reporting for active duty next Monday will be sent overseas for any Berlin showdown.

**ARMED CARRIED**

The squadrons have a total of 411 jet fighters, most of them capable of carrying nuclear as well as conventional weapons. An additional four squadrons reporting for duty at the same time are equipped with reconnaissance versions of the planes.

About 5,000 fighter planes

WASHINGTON (UPI)—Eight American jet squadrons now in Europe for maneuvers and rotation training will be kept there on "temporary" duty, the air force announced yesterday.

are now under NATO command on the European continent.

**FORCES RAISED**

So far 40,000 additional troops have been ordered to Europe. But the army is raising its ground forces from 870,000 to 1,008,000 men and many of them will be sent abroad if needed. Another 123,000 army reservists and National Guardsmen, including two National Guard divisions, report for active duty next month.

**ON THE SCENE**

Officials said the guard squadrons would not have been called up unless an increase in allied military strength in Europe had been anticipated. The short-range jets could be effective as a war deterrent in Europe only if they were on the scene.

## Rusk Talks To Continue

NEW YORK (UPI)—American State Secretary Dean Rusk and Soviet Foreign Minister Andrei Gromyko conferred for four hours Wednesday on the Berlin crisis, then announced they will meet again Saturday.

## Germans Drop Tools Scramble to Freedom

BERLIN (UPI)—Five East German railway workers dismantling tracks on the border between the Soviet and French sectors of the city suddenly dropped their tools yesterday and scrambled over the barbed wire fence into West Berlin.

## 'Commonwealth First'

# British Promise Cuts Criticism

LONDON (UPI)—The British promise that the Commonwealth will come first in any consideration of entering the European Common Market continued its quieting effect Wednesday on speakers at the Commonwealth parliamentary conference.

A. R. Patrick, Alberta industrial development minister, said Commonwealth Secretary Duncan Sandys' statement Tuesday that in the event of a showdown Britain would choose the Commonwealth, "made us in our own countries wonder if we had not beat the gun" in criticizing the British decision.

**'NO TWO-WAY STREET'**

"Maybe we should now look into our own economics," he added, since the threat of the Common Market had awakened Commonwealth countries to the realization that Britain's policy of preferential trade is "not the two-way street of free trade."

**U.K. VIEW DETAILED**

Earlier Peter Emery, Conservative MP, enlarged on the British point of view by telling delegates that for the sake of the Commonwealth it was important for Britain to gain in economic strength.

## Resist Neighbors!

NEW YORK (AP)—A Roman Catholic priest believes that man has a moral right to use violence to keep his unprepared neighbors from entering the family fallout shelter after a nuclear attack.

Writing in this week's issue of the Jesuit magazine America, Rev. L. C. McHugh, an associate editor of the periodical, said an atomic bombing possession of a fallout shelter is likely to be equivalent to life itself.

So, he said, if a neighbor deprived a family of its shelter, or forced his way in to use up food and facilities sufficient for the family alone, it

would mean that some members of the family might have to die.

"Nowhere in traditional Catholic morality," Father McHugh wrote, "does one read that Christ, in counseling non-resistance to evil, rescinded the right of self-defence which is granted by nature and recognized in the legal systems of all nations."

## Misleading

I would like to draw to attention the danger of believing such statements as that attributed in your paper to an American scientist, apparently director for the wine advisory board of California. Your headline "Wine—The Answer to Alcoholism" might well give an alcoholic another of the 1,001 excuses with which he alibis himself into continued compulsive drinking.

I lived for some time in Pau in the south of France, and I saw more drunkenness there from drinking the strong Jurançon white wine, than I saw in my life until I came to Canada. Incidentally, statistics show that France, a wine-drinking country, has the most acute problem of alcoholism of any nation today.

The only answer for an unfortunate person who has crossed the boundary that divides normal drinking from alcoholism, is total abstinence.

At this time I would like to thank the press for the notice and help it has taken and given those of us who are attempting to educate the public in this pressing problem in our community, and to draw attention to the fact that the Vancouver Island Alcoholism Foundation has an information service at EV 53032 and is even now seeking to implement the drive "Into Action."

JAMES AUDAIN,

President,  
The Vancouver Island Alcoholism Foundation.

## Soccer

I associate myself with the letter to the Colonist editor by Mr. Jackson, who like myself, saw the two last games. We surely need help in the forward line and it is generally agreed that the Kickers could help us. That accomplished, our boys could take on all comers. I believe that the Kickers are too good in sports to let the United down, so come along fellows, we know you're willing.

BOB BRAMLEY.

2297 Brighton Avenue.

## Multi-Million-Dollar Shopping Centre Studied for Douglas

Steps are being taken to launch a multi-million-dollar shopping centre project on Douglas near the city boundary at Tolmie Avenue, informants said yesterday.

A company, spokesman in Vancouver said Woodward Stores Ltd. was "interested" in the project, but indicated its participation in the proposed 22-acre shopping centre project was far from certain at this stage.

Meanwhile, officials of Grosvenor-Laing (B.C.) Holdings Ltd., which originated the project, would neither confirm nor deny the enterprise and one said it was "only a rumor."

The project, as outlined by unofficial sources, would involve removal of the Evans, Coleman and Evans yard on Douglas to make way for a complex of stores and parking facilities.

In the absence of Mayor Perc, Scurrah, who is attending the UBCM convention in Vernon, city officials were reluctant to comment. A spokesman said, however, the project had been discussed with Grosvenor-Laing but to assume it was nearly settled "is going out pretty far on a limb."

Regarding Woodward Stores participation, a reliable source said: "There is no doubt we are looking at this project."

"This is the first step—but there are at least another five

or six steps, any one of which could result in the whole thing falling through so far as we are concerned."

The source added that "no agreement has been signed yet" and nothing probably would be final for "a couple of months" while surveys are being carried out.

Don Smith, manager of Evans, Coleman and Evans in Victoria, said yesterday no decision has been made to consolidate the two local operations on the former Crown Gossamer sawmill site on the Inner Harbor.

He added that in view of the wide interest shown over a number of years in the Douglas Street site, his firm had been looking around for substitute land for some time as a precautionary measure.

"To my knowledge no sale of this site has yet taken place," he said.

Possibilities of the Crowe Gossamer property had been carefully studied, said Mr. Smith, but he noted that the company already had extensive plant, wharfage and equipment where it operates now alongside the Black Ball ferry wharf.

Mr. Westwood said through-out the whole province there had been a general and sustained increase in campsite use this summer.

He said camper use of parks had received careful scrutiny this year because of the collection of fees in the four parks.

Three of the fee parks had shown a decrease in camper use, but the fourth Okanagan Lake Park, jumped to 23,523 campers, from 21,160 in 1960.

Cultus Lake dropped to 42,290 campers, from 58,212 campers, and Shuswap Lake dropped to 34,256, from 53,758.

Other parks on Vancouver Island took up most of the slack from Miracle Beach. They were up 9,828 campers, while Miracle Beach was down 12,212.

Goldstream Park showed the greatest increase with 34,195 campers this year, compared with 30,236 last year, a 3,940 increase.

Englishman River Falls Park had 19,736 campers compared to 17,708 in 1960.

McDonald Park, with more units this year, had 9,629 campers, compared to 8,104 in 1960.

Little Qualicum Falls Park had 24,784 compared with 22,168.

The camping public generally deplored the charge, but park register book comments indicated they would be prepared to pay a lesser fee or a similar fee after a longer period of free camping.

Last year it was estimated the average stay of camper at Miracle Beach was seven or eight days. A parks official, yesterday estimated the average stay this year was two days—the amount of free camping allowed.

Recreation Minister Westwood yesterday recalled the

## Saskatchewan Report Tabled

## First Health Plan Peek

REGINA (CP)—Framework of a plan to provide medical care for all of Saskatchewan's 900,000 residents through a government-run insurance scheme based on compulsory premiums was outlined Wednesday in an interim report to the provincial government.

The report was prepared by the majority of a 12 member committee, set up in April, 1960 to study the province's health needs. It is expected to form the basis for medical care legislation to be introduced at a special session of the legislature opening Oct. 11.

It recommended that the scheme pay doctors for a wide range of medical care on a "fee-for-service" basis. It also recommended a scale of nominal "deterrent" charges, designed to limit costs and discourage frivolous or unnecessary requests. These fees—to be paid by the patient to the

doctor—would apply in most cases to the first three visits in any one illness. They could be waived by the doctor.

The committee estimated first year costs at \$19,970,000 to \$20,570,000, making no allowance for administrative costs. This works out to a per capita cost of \$22.39 to \$23.06.

The committee recommended that premiums should be low enough so they can be met by all self-supporting persons. It suggested additional financial support from the general revenues of the province.

'Bridge' View for Tallulah

Black and white expressionistic painting entitled "The Bridge" was purchased by famed actress Tallulah Bankhead for her New York apartment at a reception Tuesday at the Victoria Art Gallery. Pictured with Miss Bankhead is artist Flemming Jorgensen, who said the painting was featured on the cover of the invitations he sent out for his exhibition at the gallery. Price paid for "The Bridge" remains a secret. (Ryan Bros. photo.)

## Ottawa Urged to Step Up Surplus Butter Disposal

HALIFAX (CP)—The National Dairy Council ended its annual meeting Wednesday with a renewed plea for federal action to get Canada's 180,000,000-pound butter surplus on the market.

The dairymen are seeking lower butter prices to meet growing competition from substitute producers and to sell their growing production.

A directors' meeting decided against proposing a ready-made plan to the government on how to cut the price but gave unanimous support to general recommendations on the problem presented last June and in 1955.

The council's re-elected president, Pierre Cote of Quebec City, said that if markets keep going as they are there will be a "very dim

## Miracle Beach Down

## Big Camping Year

By ALAN McPHERMAN  
Colonist Outdoor Editor

Camper use of Miracle Beach Park, north of Courtenay, was down by more than 23 per cent this summer, but the free provincial campsite in the southern half of Vancouver Island took up the slack to provide Vancouver with a successful camping year in provincial camping parks.

Attendance figures disclosed by Recreation Minister Earle Westwood yesterday showed there were 12,212 fewer campers used Miracle Beach this summer than in 1960—30,336 campers in 1961 compared with 42,768 campers the year before.

Goldstream took over from Miracle Beach as the island's most popular park.

**CAMPING CHARGE**  
Miracle Beach was one of four provincial camping parks where the provincial government imposed a \$2-a-night camping charge after the first two free nights of camping, effective July 1.

The camping public generally deplored the charge, but park register book comments indicated they would be prepared to pay a lesser fee or a similar fee after a longer period of free camping.

Last year it was estimated the average stay of camper at Miracle Beach was seven or eight days. A parks official, yesterday estimated the average stay this year was two days—the amount of free camping allowed.

Recreation Minister Westwood yesterday recalled the

camping charge was put in effect "because of the strong public reaction to camping hogs—selfish people who hold on to choice camping sites."

"The plan has been completely successful in this objective. There has been a satisfying decrease in the intensity of use in these areas," Mr. Westwood said.

"The campers moved on after reasonable periods and there had been an opportunity for others to enjoy the parks," he said.

**INCREASED SUBSTANTIALLY**  
Campsite use on southern Vancouver Island had increased substantially, he said.

Other parks on Vancouver Island took up most of the slack from Miracle Beach. They were up 9,828 campers, while Miracle Beach was down 12,212.

Goldstream Park showed the greatest increase with 34,195 campers this year, compared with 30,236 last year, a 3,940 increase.

Englishman River Falls Park had 19,736 campers compared to 17,708 in 1960.

McDonald Park, with more units this year, had 9,629 campers, compared to 8,104 in 1960.

Little Qualicum Falls Park had 24,784 compared with 22,168.

The camping public generally deplored the charge, but park register book comments indicated they would be prepared to pay a lesser fee or a similar fee after a longer period of free camping.

Last year it was estimated the average stay of camper at Miracle Beach was seven or eight days. A parks official, yesterday estimated the average stay this year was two days—the amount of free camping allowed.

## Season's First Snow Falls on Cariboo Areas

VANCOUVER (CP)—First general snow of the season fell in British Columbia yesterday. Heavy snow was reported in the Kenney Dam area south of Vanderhoof, west of Prince George. Snow with some rain was reported at Williams Lake and Quesnel in the Cariboo.

## Young Tories to Meet

Federal mines minister Paul Comtois of Quebec will attend a weekend seminar of young Tories at Yellow Point Lodge near Nanaimo this weekend. Two other members of parliament, John McLean and Douglas Jung, will also be present along with about 60 Young Progressive Conservative delegates from various parts of the province.

## Study Group Experiment Planned at Cordova Bay

Every Wednesday evening will be introduced each week, for the next 10 weeks a new type of religious study group will meet in the Fellowship Hall, St. David's-by-the-Sea Church, Cordova Bay. After a brief talk, the meeting will break up into small discussion groups. Topic next Wednesday will be "Man Himself." Mr. Walker, vicar of the church, will be overall leader of the course of studies, but a different topic at 7.30 p.m. and last two hours.

## Tax-Sharing Deal Generous—John D

OTTAWA (UPI) — Prime Minister Diefenbaker said yesterday the federal government's new deal with the provinces was a "generous arrangement" and would contribute to the financial independence and strength of the 10 provincial governments.

Diefenbaker told the House of Commons that the tax sharing proposals would "restore the spirit of the constitution and will return to the provinces their freedom and responsibilities in imposing income taxes." "The days of centralization in Canada are over," he said during an hour-long speech as the Commons considered the legislation setting up the tax agreements with the provinces. Diefenbaker attacked the opposition "whiners and wallers" who alleged that the provinces were not getting a good deal from the federal government in the new tax agreements to replace present agreements which expire March 31, 1962.

He charged that the former Liberal administration had "invaded provincial rights on a study group on 'free enterprise and planned economy in Canada'."

Further information can be obtained from Mrs. Hugh Creighton, secretary of Greater Victoria Young Tories, at GR 9-5903.

have been upheld in a judgment handed down by Mr. Justice J. O. Wilson in B.C. Supreme Court.

Alfred Johnson, retired British manufacturer who lived at 2001 Runnymede and his wife set up an \$8,000 trust fund along these lines some years ago.

Two youths were brought out from England and educated at UBC, and the entire \$8,000 was spent in the process.

Purpose of the Supreme Court hearing, held in Vancouver, was to determine whether the \$100,000 could legally be added to the original trust fund.

Mr. Justice Wilson ruled in the affirmative in both cases, saying: "I have no doubt as to the intentions of this charitable testator... his gift was valid and did not contravene the rule against perpetuity."

Mr. Johnson, who was survived by his widow, Marjorie, and daughter Sheila, in his will bequeathed a life interest in the residue of the estate to his widow.

## Silver Threads

# Flower Show Attracts Many Entries

Members of Victoria's Silver Threads Service, undaunted by such trifles as age and retirement, staged their first annual flower show this week in their quarters on Broughton Street.

Organized by William Pynn, chairman of the Silver Threads gardeners' group and member of both the Royal and Victoria Horticultural Societies, the show attracted many more entries than had been hoped for.

Winners were:  
Chrysanthemums: Fred Garnham, M. A. Cooper, Mrs. M. Clark; dahlias: P. H. Davey, Mrs. M. Clark, Mrs. Annie Jacobs; collection of flowers: H. J. Swithin, Miss J. M. Card, R. S. Brook.

Vase of roses: W. S. Pate, Mrs. Annie Jacobs; zinnias: Miss J. M. Card, H. J. Swithin; African marigolds: Miss J. M. Card, Mrs. Annie Jacobs; dwarf marigolds: Miss J. M. Card, H. J. Swithin; Michaelmas daisies: W. S. Pate, Miss J. M. Card, M. A. Cooper.

## SPECIAL PRIZE

Special prize for 'mums grown by members: Fred Garnham, Mrs. Annie Jacobs, Mrs. W. S. Pate.

## FRUIT WINNER

Apples: Miss J. M. Card, W. S. Pate, William Wright, Mrs. George Genno; grapes: M. A. Cooper; pears: M. A. Cooper; bottled fruit: M. A. Cooper; Jerusalem cherry plant: C. S. Coates.

## Armed Pair Rob Bank Of \$20,000

SAINT JOHN, N.B. (UPI)—A local branch of the Bank of Nova Scotia was robbed yesterday by two bandits, who made off with at least \$20,000.

The two men entered the bank armed with revolvers and wearing handkerchiefs over their faces.

## Course Offered

The Great Books Foundation will launch a training course for discussion leaders Friday at 8 p.m. at Victoria Public Library.

Mrs. Eloise Clarkson, area director for the Pacific Northwest, will be at the library Friday and all day Saturday to hold classes for those who want to learn to lead group discussions.

The library will sponsor the groups that grow out of the leadership course and a spokesman said the course offers residents of Sooke and Sidney a chance to train leaders for groups in their areas. Further information may be obtained from Fred White at the library.

## Wall Street Stages Smart Rally

NEW YORK (AP) — The stock market had its best rally in about two weeks. Motors, chemicals, electrical equipment, aircraft, electronics and other "growth" stocks led in the advance. Early reports of the swift labor contract for Ford were linked to a substantial rise in that stock and gains by other motors. The momentum generated by the auto stocks spread to other industries. Report of merger talks between Montgomery Ward and Interstate Department Stores caused both stocks to rise a point or so before Wall Street heard the complete story, then they fell. Montgomery Ward was the most active stock, dropping 1/4 to 31 1/2 on 190,000 shares. Interstate was third most active, falling 1/4 to 34 1/2 on 73,000 shares. General Motors was the second most active issue, rising 1/4 to 49 1/2 on 75,000 shares. Ford was up 1/4 to 104.

## Mine Fever Grows

TORONTO (CP) — Speculative fever gripped the Toronto stock market as junior base metals swelled the volume to its highest point in two years. Lake Duffault Mines, which started its last Wednesday, closed at \$4.80 a share, down five cents on the day. It had earlier gone as high as \$5.90. However, assay results on the second section of the drill hole sunk by the company last week were revealed and the stock lost ground. The results were not as good as the first report earlier this week. The total volume for the day was 6,817,000 shares, the heaviest since March 12, 1959 when it was 6,969,000. Tuesday's rise was 5,974,000 shares. Industrials scored their first solid advance in two weeks as nearly every group moved ahead in moderate trade. Rethur Pulp and Paper A and Consolidated Paper A were ahead one point, and Aluminum 1/2. International Paper was down 1/4 and Abitibi was down 1/4.

Senior base metals had a rough day. Western oils moved onto the plus side with gains of 1/4 to 1/2 by Calgary and Edmonton and Pacific Petroleum.

## Papers Revive

MONTREAL (CP) — Trading in mines reached 1,005,700 shares, highest since April 7, 1959, when 1,200,000 shares were traded. Feature of the day's activity was New West Amulet mines which added 1/4 to 26 1/2 on a turnover of 568,101 shares. In papers Great Lakes gained 1/4 to 18 1/2, Abitibi added 1/4 to 19 1/2, and Hurst B at 35 1/2 both off 1/4. In banks, Royal slipped 1/4 to 77 1/2, Imperial Bank of Commerce lost 1/4 to 68 1/2 and Nova Scotia declined 1/4 to 75 1/2. Among the industrials, Dominion Engineering rose 1/4 to 34 1/2, Industrial Acceptance fell 1/4 to 63 1/2 after approval by shareholders of a two-for-one stock split. Alberta Gas Trunk Line A improved 1/4 to 35 1/2 on Hudson Bay Co. was unchanged at 12 1/2. In metals, Falconbridge advanced 1/4 to 53 1/2 and McIntyre Porcupine eased 1/4 to 41 1/2. Among the base metals, Aluminum rose 1/4 to 28 1/2, Hudson Bay Mining fell 1/4 to 32 1/2, International Nickel gained 1/4 to 85 and Consolidated Smelters declined 1/4 to 23 1/2.

## Grain Advances

VANCOUVER — Grain was active and higher at 3:30, when Crainmont held firm at 315. Mount Washington added two cents at 87 but most other mines were lower. Oke dropped to 43 and Friday to 38. Industrials were dull with MacMillan and Massey-Ferguson off a shade. Stronger were Trans Mountain and Trans Canada Pipelines.

## Egg Market

## Grain Markets

WINNIPEG (CP) — The live futures market showed sharp declines in active trading. An announcement that Russia had sold 1,800,000 bushels of rye to West Germany was followed by declines ranging to five cents in the rye futures market here. There were no reports of export business. The flax market showed minor fluctuations. Domestic shippers were the buyers of coarse grain in a quiet routine trade. Overnight export loadings of Canadian wheat included: Communist China 1,360,000 bushels, Japan 495,000 bushels, United Kingdom 375,000 bushels, Belgium 115,000 bushels.

# Big Split Offered If Deal Succeeds

By HARRY YOUNG  
Colonial Business Editor

The shares of the highest priced common stock on the Toronto Stock Exchange are to be split 10 for one if Canadian General Electric succeeds in taking over the ownership of another Canadian company, whose stock has been as high as \$1,000 and has been as high as \$1,000, is offering to buy all the shares of Dominion Engineering, a leading Canadian engineering firm 62 1/2 per cent owned by Dominion Bridge.

Mr. Lawson also agreed with British C.A. that surplus on revaluation of fixed assets should only be distributed as a stock dividend and not as a cash dividend.

The difference that exists between accounting profits and taxable profits was another matter which Mr. Lawson demanded review.

## GE Plans Company Takeover

Latest issue in the inside-outside range is 300,000 shares of Shoppers City Ltd. at \$5. They are in short supply in the West.

Shoppers City is an offshoot of the grocery chain firm of M. Loeb Ltd. and the department store business of A. J. Freeman Ltd. It is going into business as a discount store and food chain operation in the Ontario-Quebec area.

## FEW IN CANADA

Little more than 1,000 of the 263,880 outstanding common shares of Canadian General Electric are held privately in Canada. About 98 per cent of the total is held by the U.S. parent, General Electric.

If the offer is accepted the amount of Canadian General Electric common shares on the Canadian market and to make them more easily tradable, the company has agreed to sell only 21 shares of Canadian General Electric had been traded on Toronto Stock Exchange since 1959.

New equipment will be installed to improve the quality and consistency of the company's concrete pipe production. The company's manufacturing plant in Vancouver is producing pipe from 12 inches to 72 inches in diameter and new type centrifugal casting equipment and a special turbine mixer will ensure a high degree of concrete consistency according to R. E. Haskins, president in charge of production.

## TO IMPROVE QUALITY

Evans, Coleman and Evans Ltd., a division of Ocean Cement and Supplies Ltd., is to spend \$500,000 on its Marpole plant in Vancouver.

Imperial Oil's retail sales manager R. G. McKenzie has taken up the cudgels for the oil industry. He quotes the American Petroleum Institute recommendation that oil should be changed every 30 days in winter and every 15 days in summer but never to exceed.

## NEW RULES NEEDED

A British accountant who is a member of a commission studying the Company's Act in the United Kingdom told members of the Canadian Institute of Chartered Accountants at Toronto yesterday that shareholders were not being given enough vital facts in company reports.

W. H. Lawson, past president of the C.A.s of England and Wales, urged that practical steps should be taken to improve financial statements. Few companies were now telling their shareholders what effect inflation was having on their operations in regard to the purchasing power of money on the company's assets.

#### Administrative Honor

Albert G. Rodgers, administrator of the Royal Victoria General Hospital at Sidney, has been honored by the American College of Hospital Administrators at the college's annual convocation at Atlantic City. Mr. Rodgers has been admitted to the status of nominee to the 24-year-old society, which was founded to provide recognition to those doing outstanding work as hospital administrators.

#### Writer

### Beating Sparks Probe

MONTREAL (UPI) — Attorney General Georges J. Laframboise has ordered an inquiry into the brutal beating Monday night of insurance salesman Henri Cousineau, who had attacked in a series of articles the civic administration of suburban Ville Jacques Cartier.

Cousineau was beaten by four men, one of them with a baseball bat. He was knocked unconscious and only escaped death when residents drove off the thugs.

Cousineau told reporters he had received telephone calls threatening him with death if he continued his attack on the civic administration.

The articles were outspokenly critical of Mayor Leo Remillard's administration.

### Natural Move For Britain Says Pearson

EDMONTON (CP)—British entry into the European Common Market would be a "natural move" that might mean short-term problems for Canadian trade but long-range possibilities of greater benefits, Lester Pearson said Wednesday.

The national Liberal leader said in a televised press conference the short-term problems could be overcome.

He said long-range emphasis should be placed on organization of an Atlantic trading community.

"We have the basis for this now," he said, "and many other nations could be brought in."

Turning to the United Nations, Pearson said if the General Assembly appoints an acting secretary-general, "he will probably have to be an Asian or an African."

### IWA Chief Stricken In Florida

MIAMI, Fla. (AP) — Joe Morris of Vancouver, president of the Western Canadian regional council of the International Woodworkers of America, was reported seriously ill with a kidney ailment in a Miami hospital last night.

Morris, who is also a regional vice-president of the Canadian Labor Congress, entered hospital Monday after arriving at Miami Beach to attend the executive board meeting prior to the union's convention which opens Monday.

It was reported Wednesday night he is too ill to be sent home for an operation. His wife is with him.

### Bill Aids Carriers

OTTAWA (CP) — A bill passed Wednesday by the Senate aids the trucking industry to groups able to protect untold discriminatory freight "agreed charges" to the minister of transport.

Agreed charges are arrangements made between carriers and producers for freight rates based on a guarantee of shipping business.

The bill, sponsored by Ferguson Browne (PC-Vancouver Kingsway), received unanimous Commons support.

Ordinary oils create their own metallic ash. Above you see what happens when a conventional multi-grade oil is dropped on this electrically heated piston. These black spots are additive ash. When additive ash builds up in your engine, it's bad news.

No ash with Shell X-100 Premium motor oil. When the same test is tried with new Shell X-100 Premium, the piston stays clean. There is no additive ash. This means a cleaner engine, less chance of knock and rough running.

## BREAKTHROUGH:

Suddenly Shell makes every other motor oil obsolete  
—with a revolutionary new formula which fights  
the five internal troubles that can shorten engine life

Additive ash is a crusty nuisance. Formed in the combustion chamber of your car, it can be a cause of rough running and knock. Every multi-grade oil, except one, creates this unwelcome residue. Read how the one exception—Shell X-100 Premium—overcomes the problem of additive ash.

And read how a remarkable new ingredient called Alkadine beats the menace of engine sludge—to make it possible for cars of any age to enjoy the added protection of a multi-grade, year-round oil.

HERE ARE SOME SURPRISING FACTS Every motorist should know before he gets his next oil change.

Here, too, are the five ways the remarkable formula of X-100 Premium helps your engine last longer.

#### #1—No metallic additives

New X-100 Premium Motor Oil is unlike any other multi-grade motor oil. Its revolutionary new formula eliminates a troublesome deposit that even the best premium motor oils themselves help to create. This deposit is additive ash.

Additive ash is caused by the metallic additives used to prevent scuffing, sludge deposits, oxidation, and so forth.

With each stroke of the piston, these additives can deposit a tiny amount of metallic salts in the combustion chamber. Here they burn and form additive ash.

This crusty ash can build up in your combustion chamber, can cause your engine to knock and run roughly.

New X-100 Premium doesn't contain a single metallic additive. No metallic additives—no additive ash.

#### #2—Disarms crankcase dirt

All engines accumulate crankcase dirt. The problem is to stop the many different kinds of dirt particles from gang-ing up and forming sticky sludge, which can clog your engine.

This is Shell X-100 Premium Motor Oil. Look for the white can with the red letters.

Most premium oils use a detergent additive to do the job. But the majority of these additives are metallic and cause that old devil—ash.

Shell's solution is to replace the detergent with a dispersant—a remarkable new ingredient called Alkadine!

Alkadine works to disperse dirt particles—in effect, holds them apart—so that they don't form sticky sludge.

Alkadine has another important virtue. It knows how to go about the cleansing operation in a gentle fashion.

Take the case of cars which have been accustomed to an ordinary, non-detergent oil. In these engines, a layer of sludge has long been building, like sediment on the bottom of a pond.

Mile by mile, Alkadine nibbles away at this sludge with the most delicate of appetites. It lifts microscopic particles and keeps them apart—suspended in the oil. It would take as many as three-quarters of a million of these tiny specks to cover a pinhead.

With Alkadine your engine is cleansed gently, surely. There is no chance of sludge being stirred up violently to choke vital oil passages. There is absolutely no danger of your engine suffering damage.

The result—you can use X-100 Premium whatever the age of your car.

#### #3—Ignores temperature changes

Here is a happy thought. With X-100 Premium, you need never again change your oil merely to suit the seasons.

Many motor oils tend to become too thick when cold, and too thin when hot. This is hard on your engine. It can be especially bothersome during fickle autumn weather, when Canadians and their cars have to endure abrupt and startling changes in temperature.

Shell X-100 Premium beats the weather. It is a multi-grade, all-year oil. It lubricates just as effectively in January as it does in June. Your engine is fully protected whatever the temperature.

Here's how this is achieved. Alkadine has a molecular structure that resembles a basket of eels. When the oil is cold, Alkadine's eel-like molecules curl up as if for comfort. In effect, they take up less space in the oil—and the oil flows freely through the tightest bearing. This makes for easy startings, too, on frigid mornings.

When the oil is hot, the molecules uncurl, take up more room—and the oil resists thinning.

#### #4—Fights engine acid

All automobile engines manufacture acid. It can cause far more wear than friction. It can attack engine parts much the way that stomach acid causes ulcers.

Some motor oils combat engine acid with alkaline additives. But the neutralizing effect of the oil gets weaker as engine acid eats up the alkalinity—until eventually it stops working altogether.

Shell X-100 Premium doesn't depend on alkalinity. It actually plates all engine surfaces with a thin chemical film. The metal "adsorbs" some of the oil's protective qualities. Chemists call this phenomenon "chemisorption."

The "chemisorption" process offers a unique long-lasting protection against acid attack.

#### #5—Shrugs off anti-freeze leaks

Remember this when you fill up with anti-freeze this fall: Anti-freeze can leak out of your cooling system into your engine.

Most oils can react with anti-freeze to form a horrible sludge—so sticky that it can bring an otherwise healthy engine to a standstill.

New Shell X-100 Premium resists reaction with any sort of anti-freeze. It shrugs it off. This new oil formula puts to rest fears of hidden anti-freeze leaks. Better get that leak fixed, anyhow, to keep your cooling system working.

#### How much does it cost?

If you now use a premium motor oil, you'll get Shell X-100 Premium for about the same price.

If you're now making do with ordinary motor oil you'll pay only \$7.20 a year more—give or take a nickel. This is assuming you drive at about the Canadian average of 10,000 miles a year, and get regular oil changes.

Quite a bargain for the one motor oil that eliminates additive ash and four other troubles to help prolong the life of your engine.

SHELL OIL COMPANY OF CANADA, LIMITED

Graveling tests. Here are two cars from the Shell test car fleet. Test crews piled up 31 million miles in all kinds of driving conditions—proved that X-100 Premium helps prolong engine life.

## Sales to Cuba Rising

OTTAWA (UPI)—Canada has exported to Cuba almost as much during the first five months of the year as it did in all of 1960.

Shipments during the January-May period totalled \$13,033,490 compared to \$13,464,039 for the whole of 1960.

## Courtroom Parade

## Cruelty to Dog Costs \$25 Fine

Charged with an act of cruelty to an animal, a View Royal man pleaded guilty in Colwood police court yesterday and was fined \$25 and costs.

George Thomas, 732 Kings Road, pleaded guilty in city court yesterday to illegal sale of liquor. He was fined \$300.

Court was told a city constable in plain clothes entered 1411 Broad Street about 10:45 p.m. Sept. 10, and purchased two small bottles of rum for \$8 from Thomas, a taxi driver.

Five minutes later the officer, with a sergeant and a second constable, returned to 1411 Broad, made a search, and found 10 bottles of rum and given suspended sentence on two of gin on the premises.

## Witness Both 'For,' 'Against'

## Columbia Confusion

REVELSTOKE (CP)—F. J. Bartholomew, a consulting engineer from Vancouver, was overruled Wednesday when he tried to introduce to a public hearing a speech by Premier Bennett on the Columbia River development.

Mr. Bartholomew was representing the Revelstoke board of trade.

The premier had said that the Columbia treaty with the United States was "not good enough" but could be made to work if B.C. could get five mills per kilowatt hour from the U.S. for its share of downstream benefit power.

Premier Bennett made the speech in Prince George last weekend.

Provincial Water Comptroller A. F. Paget, conducting the

hearings into the application of the B.C. Power Commission for a licence to proceed with the \$158,000,000 Columbia scheme, told Mr. Bartholomew to stick to evidence of an engineering character and not delve into the treaty itself.

Mr. Bartholomew confessed to the hearing when he at first said that both he and the Revelstoke board of trade were unalterably opposed to the Columbia and then reversed his position.

He said he had "made a mistake" and that he and the board were not opposed to the whole Columbia development but only certain phases of it. "I asked you three times if you were opposed and you replied in the affirmative," said Mr. Paget. "I warn you to be more careful in the future when giving evidence under oath."

## Fownhope Sets First Social

First social of the season will be held by the Fownhope Club, at the home of Mrs. Elizabeth Lee, 18 Wellington, at 8 p.m. Saturday.

**Easy-to-take Tablets Relieve Pile Discomfort Fast OR YOUR MONEY BACK**

Here is a clean, quick, effective way to ease the pain, soreness and itching of piles.

It is an internal treatment. All you do is take one small Hem-Road Tablet two or three times a day. This special internal pile medicine goes to work quickly, gently yet persistently to reduce swelling and ease the soreness and pain.

Hem-Road has helped hundreds of people. We are so sure this easy to use method will work for you too—and work quickly—we will refund your money if you are not completely satisfied.

Why put up longer with pile discomfort when so pleasant and satisfying a method of treatment is available at such a small cost. Pick up a package of Hem-Road Internal Pile Treatment today at any drug store and begin to enjoy the benefits of this reliable medicine now. ACT.

Dodge newness goes a whole lot deeper than its great new looks. Dodge for 1962 is a low price, full size car that'll out-run and out-economize most any car around.

It accelerates quicker, yet gets five per cent more miles per gallon than the '61 Dodge. It goes twice as far between oil changes—drives 32,000 miles between grease jobs. Its brakes adjust themselves automatically. The body is rustproofed. Want more? Dodge gives you more! Things like an improved gearshift for smoother, crisper shifts; a smaller transmission hump that gives the man in the middle more legroom; and deep-sprung chair-high seats. There's never been a Dodge like this one. There's never been any car like this one.

There's a new lean breed of car for '62 and its name is

## OFFICIAL FORM CHART

## Three Soccer Defaults

## Wins Now Losses

Three teams in the Victoria and District Football League have had to default games they won because they used players that had not been signed.

Spanish Thistles, who beat Esquimalt, Nanaimo, which beat Esquimalt, and Brodie's Bees, which defeated Puntacan, have all defaulted their first games, with the two points going to the "losers."

Meanwhile Victoria Kickers, who won their first two games, have lost the services of star winger Tommy

## Combination Schedule Underway

Victoria's Combination Soccer League opens its season this weekend with eight first division teams in action Saturday at 10:15 and six of the seven second division teams playing Sunday at 2 p.m.

First division teams Esquimalt, Victoria College, Victoria, Gordon Head, R.C. Esquimalt, and R.C. Esquimalt, will play on Saturday. Second division teams Esquimalt, Victoria College, Victoria, Gordon Head, R.C. Esquimalt, and R.C. Esquimalt, will play on Sunday.

# Hotspur Finds Trouble in Poland

Daily Colonist, Victoria, B.C., Thurs., Sept. 28, 1961 17

LONDON (Special) — Tottenham's 8-1 rout of a little-known Polish football club in last week's European Cup competition only goes to prove that there's no place like home.

Spurs, hailed as England's brightest hope in years to carve a niche in the elite cup competition, made an almost disastrous first appearance before a fanatical crowd of 83,000 Poles.

They returned home disgraced and humiliated after a 4-2 defeat that severely strained international football relations, at a time when far-sighted football planners are advocating closer integration between England and the continent.

But in the return leg at friendly White Hart Lane, the Londoners reached a height of perfection seldom matched even during their brilliant success in achieving the near-impossible "double" last season.

Stumbling badly in league play this season and far below the consistent form that carried them to the English championship, Spurs were given only a 50-50 chance of wiping out the two-goal deficit and keeping alive their hopes in the tournament.

Spurs have seldom played worse than they did at Katowice, where they were forced to use brute power to prevent the Poles from turning a stormy match into a rout.

Unheralded Gornik Zairze, a little-known club outside its own region although well led by Polish captain Ernest Pohl, devastated Tottenham's de-

## Different at Home

Spurs went home in a somewhat mood-and with the defeat at Katowice was mourned in England as a national tragedy.

But in less than five minutes after opening kickoff there were few among the 70,000 spectators packing the terraces who did not believe Tottenham would gain a big share of revenge over the Polish club.

And it was the Tottenham supporters who received a big slice of the credit for Spurs' amazing transformation.

Choosing every Tottenham move and seemingly about to bring down the house with every goal, the spectators urged Spurs on to one of the best performances seen in England for several seasons.

Welsh international Cliff Jones, one of the few Tottenham forwards who has maintained peak form in the midst of the current troubles, sup-

plied the punch with a hat-trick in the first half as Spurs built up a 5-1 lead. It was easy going from there.

While Spurs almost met disaster in their first cup appearance, Glasgow Rangers came through with flying colors against much tougher opposition.

Rangers, who might well advance further than the Londoners in current form, hammered French champion Monaco twice by 3-2 scores to reach the second round long with 15 other clubs.

Meanwhile, Tottenham's performance in Poland and the rift it caused in international circles is viewed as a strong argument for the need to coordinate the styles of British and continental football.

The two sides are still far apart on the interpretation of rules and successful integration will depend on how well such controversial issues as body contact and charging the goalkeeper can be thrashed out.

The vast difference in the

two games can be seen from the success of four British stars who started football life anew in Italy. Joe Baker, Denis Law, Jimmy Greaves and Brian Hitchen have found the transformation far from easy.

Greaves has failed to score with the regularity that marked his play in England and he is beginning to think twice about the move. Baker sat out two games through suspension and only Hitchen has so far justified the enormous transfer fees paid out by the Italian clubs.

## O.C. Soccer

## "How to beat a cold"

by Sunny Sunkist

At the first hint of a sniffle... take lemon and soda. Squeeze the juice of 1 fresh Sunkist Lemon into a glass of water. Slowly add 1/2 teaspoon of baking soda (bicarbonate). Drink as foaming quits. Take every 2 or 3 hours during the first day... then 3 or 4 times a day thereafter.

Last thing at night... take hot lemonade, made with the juice of one fresh Sunkist Lemon. The Vitamin C and liquid help fight your cold while you sleep.

Add a little lemon, add a lot to life

8 to 12	4 to 4 1/2
12 to 16	4 1/2 to 5
16 to 20	6 to 8
20 to 24	8 to 9

### STUFFING THE TURKEY

Dressing may be prepared the day before  
roasting the bird, but should be refrigerated  
separately to avoid its taking on the raw  
poultry flavour. Use a wooden spoon to insert  
dressing to avoid breaking skin of carcass.  
To avoid soggy stuffing, toss the ingredients  
lightly and allow room for expansion of the  
stuffing, do not stuff cavity tightly.

# Meals in Minutes!

Quick schoolday menu ideas from BURNS... hearty, tasty and easy!

**MON**

**TUE**

**WED**

**THUR**

**FRI**

## BURNS WIENERS AND BEANS

The Burns label puts Wieners first. That means more Wieners by weight than beans in the tin. For extra value... extra Wieners... buy Burns!

Try these **WIENER TREATS—COW-BOY STYLE**—Brown thinly sliced onions. Add Burns Wieners and Beans, salt and pepper. Serve with pickle strips, green onions and carrot curls.

## DINTY MOORE BEEF STEW

Big, lean chunks of succulent brown-braised Western Beef, rich beef gravy, firm white potatoes, garden-sweet sliced carrots. Delicious by itself or with your loving touch. In three family sizes.

Try **DINTY MOORE DELIGHT**—Heat superb Dinty Moore Beef Stew to bubbling fragrance. Pour over hot buttered noodles. Garnish with green pepper circles, tomato wedges. Serve with dewy-fresh fruit for dessert.

## BURNS SPORK

The famous luncheon meat that is so economical because it's all meat! Burns Spork is a real appetite arouser. Terrific for the lunch box or served hot or cold in a hundred wonderful ways.

Try **SPORK—RANCH STYLE**—Cut a tender juicy loaf of Spork lengthwise in 8 slices. Fry to a luscious golden brown. Serve with French toast, scrambled eggs. Garnish with tomato slices.

## BURNS MEAT BALLS WITH GRAVY

A mealtime treat to delight the whole family. Tender, choice quality Western Beef is lightly seasoned and cooked right in the tin to seal in all the flavor and goodness. You get 16 tasty meat balls in every pound and a half tin!

Try **BURNS COUNTRY MEAT BALLS**—Heat a can of delicious Burns Meat Balls with Gravy in a frypan. Spoon sour cream (a teaspoon for each meat ball) into meat ball gravy. Mix sour cream with gravy. Heat 'n eat!

## BURNS DEEP BROWNED BEANS

Luscious brown 'n savory beans with that real old-fashioned bean-pot flavor. Seasoned just right to give you a full measure of delicious, nutritious eating. Ready too... in can-opener time.

Try this **WESTERN CASSEROLE**—Combine sautéed minced onion, finely chopped green pepper and tomatoes. Then add plenty of Burns Deep Browned Beans. Heat and serve with sliced, buttered brown bread.

Just imagine Mom, in minutes you can serve tasty, nourishing meals that keen young appetites love! So quick and easy to prepare, with no thawing... no waiting... and full of the hearty goodness you always get from Burns. Here are a few menu ideas you'll want to try — and there's no limit to the variety of tempting "meals in minutes" you can make with good foods from Burns. It's smart to buy a week's supply — at your favorite food store now!

GOOD FOODS FROM THE GOLDEN WEST

# U.K. to Cut Migrants?

LONDON (CP)—A British MP told Commonwealth parliamentarians yesterday that Britain might soon announce legislation to restrict Commonwealth immigration.

Nigel Fisher, Conservative, told a conference of the Commonwealth Parliamentary Association that such legislation would not mention color but its impact would be upon the West Indies and to a lesser extent India and Pakistan.

Fisher said he hoped there was no truth in it but some people thought the government might announce restrictive legislation next month. He said he himself was opposed to such legislation and he did not believe the Commonwealth countries have been fully consulted about the grants should be adopted in every Commonwealth country.

## EATON'S

### DuBarry Get-Acquainted Offer!

At EATON'S Thursday... Take advantage of this special "get acquainted" offer to try DuBarry Royal Family cosmetics, with Royal Jelly, by Richard Hudnut.

**Royal Velvet**

### Narrow Escape

A Cobble Hill family of three narrowly escaped serious injury yesterday when their car collided with a CPR freight train a mile south of Duncan. Mr. and Mrs. John Worthington and daughter Debbie, 2, were all thrown from the overturned car. Debbie was rushed to Royal Jubilee Hospital and treated for head injuries. Her parents were being held at Duncan's King's Daughters' Hospital for observation. (Cowichan photo.)

### Sewing Demands Grow

## Evening Classes Spilling Into Day?

Evening classes in sewing and dressmaking sponsored by Greater Victoria school board are filled to overflowing and officials announced yesterday they are willing to put on daytime classes if there is enough demand.

Alan Bates, principal of evening classes, said enrolment in 32 elementary and advanced classes in sewing and dressmaking stands at a record 423.

All the advanced and most of the elementary classes are filled and "dozens" of applicants have been turned away recently, he said.

"We have now uncovered additional facilities that will allow us to add morning and afternoon dressmaking classes if the demand is forthcoming," said Mr. Bates. There is also the possibility of Friday evening classes in both courses.

Anyone interested in enrolling for the daytime sewing and dressmaking courses should call the school board at EV 5-1411 for further information. Four classes totalling about 60 persons are required to make the venture a success.

### In Next Five Days

## Navy Will Test Defence Plans

All ships and establishments of RCN Pacific Command will take part in an exercise to test emergency defence plans.

The exercise, involving all command personnel and key civilian officials, will be held during the next five days.

A naval spokesman said yesterday there will be no previous announcement of the duration of the exercise. This was decided, he said, to provide "as much realism as possible and ensure that an accurate assessment can be made of the Command's ability to react rapidly and effectively to any emergency."

### Now Many Wear FALSE TEETH With Little Worry

Not talk, laugh or exercise without fear of loose teeth dropping, slipping or wobbling. FARTHEE's false teeth are more comfortable. This pleasant powder has no rummy, soapy, dusty taste or feeling. Doesn't cause bad breath. It's alkaline (mouth-softening). Checks "bad" odor (bad breath). Get FARTHEE's at drug counters everywhere. Advt.

## Trekka Just an Also-Ran?

The Chamber of Commerce board of directors has rejected a proposal for the chamber to raise \$4,750 for the purchase of the 20-foot sailboat Trekka in which Victorian John Guzzwell sailed around the globe single-handedly.

The chamber president A. E. Walters said last night the consensus was that Trekka was "a good boat and not due for retirement yet."

Also, Mr. Walters said, the board felt that although Mr. Guzzwell's feat of sailing the tiny sailboat around the globe single-handedly was a "remarkable journey" it had set no "world-shaking records."

Trekka had largely local interest, he said.

The chamber president said several yachtsmen among directors attending the meeting held the view that Trekka was a "beautifully-made" boat that should remain in active use as a good time to come.

### View Royal

## Log Boom Claim Contested

View Royal property owners intend to stake a counter claim to Upper Esquimalt Harbor in an attempt to block construction of a log booming ground.

And they are basing their action on advice from Lands and Forests Minister Ray Williston said Ken Fraser, treasurer for the Upper Esquimalt Harbor District Committee last night.

He said an investigation carried out yesterday by two representatives from the area showed the previous lease had expired.

Committee member M. R. T. Stark and E. Young, president of the ratepayers' association, made the double check of lands office records after it was reported the previous lease had run the course of its five years without "any gainful development."

Mr. Fraser said these facts were placed before Mr. Williston who then advised the committee to apply for a lease to develop the foreshore area for a small boat anchorage and recreational purposes.

Mr. Williston said he had based his previous stand on the assumption that a lease was in force, said Mr. Fraser.

"When he heard that we could find no trace of the lease, he promised he would investigate the entire matter."

He said an investigation carried out yesterday by two representatives from the area showed the previous lease had expired.

### Perilous Dash In Traffic War

Two veterans of the traffic wars sprint across Neil Street. More than 59 youngsters living in one block have developed remarkable fleetness of foot in their running skirmish with cars. Parents are demanding "Slow" signs.—(Colonist photos.)

### A Street Named Neil

## Graveyard for Dogs Ulcers for Mothers

By TED PULFORD

Within the past week, in the 2000-block Neil three pet dogs have been bowled over by automobiles.

Two of them have died. Youngsters dart across the street like jungle combat veterans sprinting to avoid enemy fire.

Hot rods, their straight pipes blasting, shatter the air day and night.

Frank calls for more police protection for the 39 children who live on the block have apparently been shunted aside by officers who say little can be done so long as motorists adhere to speed limits.

But the people along the block—particularly mothers who say they spend one-third of their time screaming at youngsters to get off the road—believe special circumstances obtain in the area and special

regulations are therefore required.

The 30-mile-an-hour speed limit, they claim, is just too fast. The street is wide, empty of trees and free of stop signs, hence motorists can zip along the block with a feeling of security.

Mrs. R. C. Webster, who lives at 2148 Neil, has been on the telephone continuously since a hasty driver crushed the life out of the family pup with his automobile.

"I've made a real nuisance of myself," she admitted candidly, "because it seems this is the only way to get any action."

In desperation she suggested the police "use their imagination."

She added ruefully: "I guess that was the wrong thing to say."

Police, on the other hand, are inclined to write the flurry of complaints off as a tempest in a carubret.

### Invasion Ships Calling Here

Four U.S. Navy landing ships and a U.S. Coast Guard cutter will visit Esquimalt this weekend. The LSTs based at San Francisco are returning from manoeuvres on San Juan Island. They will arrive at 8 p.m. Friday and depart Monday morning. The Seattle-based cutter Sweetbriar will arrive at 10 a.m. Friday and leave early Monday.

### Warning to City

## Jaycees Will 'Pull Out' If City Allows Carnival

If the city allows Greater Victoria Celebrations Association to stage a carnival on Blanshard Street at the same time as the Junior Chamber of Commerce has scheduled its spring exhibition in the arena, the Jaycees will pull up stakes and head for Esquimalt Sports Centre.

Local Jaycees at a meeting in the Net Loft last night applauded a report which vigorously condemned a claim by the celebrations group that the Junior Chamber's exhibition and carnival hit too deeply into their May 24 celebrations profits.

UNNECESSARY ABUSE Blasting the GVCA for its "ill-founded criticism and unnecessary abuse," the Jaycee report scolded the association for implying that use of the arena for the exhibition was a "concession."

Said the report: "Perhaps the GVCA would like to look back on the last time the association used the arena... a name band was brought in there was a great deal of publicity and yet, like so many GVCA functions, it was a dismal failure and resulted in an enormous deficit."

HOLDING OFF While some consideration had been given to staging the exhibition in the new Esquimalt sports centre, the Jaycees agreed to hold off until a definite decision is handed down by the city on the use of Blanshard Street for the carnival.

A decision is expected within 10 days.

City PTA Group To Hold Fair There will be go-karts and pony rides to amuse the children and stalls of all kinds to interest grown-ups at a fun-fair held by Frank Hobbs PTA in the school grounds from 2 to 6 p.m. Saturday.

Color Film Discussion Arthur Styffe will discuss a new fast type of color film at a meeting of the Victoria branch of the Color Photography Association at 8 p.m. Monday at 322 Plaskett Place.

MARG RONEY

Seen in Passing

Marg Roney typing a telegram. (She is a typist for the garrison adjutant at Work Point Barracks. She and her husband live at 972 Dunsmuir.)

## Province Will Restore Graves of Dignitaries

Premier Bennett announced yesterday the provincial government will restore the graves of former lieutenant-governors and premiers in Victoria's historic Ross Bay Cemetery.

Grant of \$1,000 for the work has been made to the Victoria section of the B.C. Historical Association. Work will be under the supervision of historian James K. Nesbitt, in consultation with deputy provincial secretary L. J. Wallace.

A few of the gravestones identify those who have held B.C.'s highest offices but several have on them no more than the names.

First grave to be marked will be the Trutch-O'Reilly plot.

Sir Joseph Trutch, first lieutenant-governor after B.C. entered Confederation in 1871, died and is buried in England. But buried in the Ross Bay Grave are Lady Trutch as well as Sir Joseph's mother, Mrs. William Trutch, his brother-in-law and sister, Judge and Mrs. Peter O'Reilly, and their sons and daughter, Frank, Jack and Kathleen.

Former premiers on the government list are James Dunsmuir and E. G. Prior—both of whom also served as lieutenant-governors—Sir Richard McBride, Amor de Cosmos, A. E. B. Davies, Theodore Davies, G. A. Walkem, A. C. Elliott and Robert Beaven, who was also a mayor of Victoria.

Two other former lieutenant-governors whose graves will be restored are Edgar Dewdney and Albert Norton Richards.

"The government, on behalf of the people of the province, is happy to honor, in this small way, a group of men who gave a very great deal to B.C.," Premier Bennett said. "Their part in the development of this province should not be forgotten and they should be honored in death. Each one of them, in his own way, contributed to our history and our progress."

Premier Bennett quoted Canadian patriot Joseph Howe: "A wise nation preserves its records, gathers up its monuments, decorates the tombs of its illustrious dead, repairs its great public structures, and fosters national pride and love of country by perpetual reference to the sacrifices and glories of the past."

He had enlisted a lot of support from city residents. "The best thing you can do is write letters when you don't agree with something—write your mayor, your alderman... or even better, your newspaper."

He quoted a letter from P. Leonard James, a retired architect, who had worked with F. M. Battenbury, architect for the legislative buildings.

"The buildings should not be left to the whim of one person, no matter how well-intentioned he is."

The resolution calls on the society to ask the provincial government to set up a "small legislative committee" that must be consulted before any alterations to public buildings, particularly the parliament buildings or Government House, can be made.

The resolution was adopted unanimously. It will be forwarded to the premier and executive council.

"The buildings should not be left to the whim of one person, no matter how well-intentioned he is."

The resolution was adopted unanimously. It will be forwarded to the premier and executive council.

### Word from the Leader

### They Do Get Results

## Eccentrics Community Asset

Self-confessed eccentric James K. Nesbitt last night defended dedicated eccentrics as a force for good in any community.

"I'm not saying that every one should be an eccentric," said Mr. Nesbitt, celebrated for his tenting campaign at Ross Bay Cemetery and more recently, his sleeping bag sojourn on the floor of the legislative buildings. "But it does get results," he told the Victoria branch of the B.C. Historical Society.

And the general public and organizations such as the historical society can help well-meaning eccentrics accomplish useful purposes, said the speaker.

He promptly demonstrated the method of enlisting non-eccentric support by halting his talk to propose a resolution to the meeting.

The resolution calls on the society to ask the provincial government to set up a "small legislative committee" that must be consulted before any alterations to public buildings, particularly the parliament buildings or Government House, can be made.

The resolution was adopted unanimously. It will be forwarded to the premier and executive council.

"The buildings should not be left to the whim of one person, no matter how well-intentioned he is."

The resolution calls on the society to ask the provincial government to set up a "small legislative committee" that must be consulted before any alterations to public buildings, particularly the parliament buildings or Government House, can be made.

The letter "registered a very strong protest... at the desecration to the parliament buildings."

"It's up to organizations like this to take a stand on such matters," Mr. Nesbitt told the society members.

He cited as an example of results from effective eccentricity the provincial government's decision to make a grant of \$1,000 toward his campaign for marking historical graves at Ross Bay Cemetery.

The speaker conceded that he "had a lot of fun" from his campaigns and "with all your help... in a hit or miss fashion and lots of eccentricity... we are getting somewhere."

Notice of the annual meeting of the organization requests the attendance of all parents of Little Leaguers, managers,

coaches and "prospective parents."

His opposite number, Dr. Hugh Kewenig, chairman of the B.C. Power Commission, is paid \$20,000 a year.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$21,500 for being a B.C. vice-president.

The B.C.E. directors are going to cut the salaries of some of their employees—but five will get you 10 they don't cut their own.

BONUS BABIES: The Oak Bay Little League organization believes in signing them young.

ROOM AT THE TOP: B.C. Electric chairman Dr. Gordon Shrum announced yesterday that the salaries paid the employees of the new Crown corporation are way out of line and will be reduced to a level paid in other Crown corporations.

As chairman of the B.C.E. Dr. Shrum is paid \$40,000 a year.

His opposite number, Dr. Hugh Kewenig, chairman of the B.C. Power Commission, is paid \$20,000 a year.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$21,500 for being a B.C. vice-president.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$21,500 for being a B.C. vice-president.

THE VOICE OF ONE: Retired architect P. Leonard James has written a scathing protest to Works Minister W. N. Chant against "the act of desecration" in laying kitchen line tiles in the statutory corridors of the legislative buildings.

Mr. James is a one-time associate of the late F. M. Battenbury, the architect who designed the buildings.

Future visitors and tourists who have "a proper appreciation for the fitness of things" will be agast at the incongruous appearance resulting from such a mixture of modern and earlier period work, wrote Mr. James.

"Many visitors from distant parts are expected here in 1962

Victoria's centennial year; and amongst other organizations the Royal Architectural Institute of Canada is to hold its annual assembly here for the first time," he continued.

"No doubt many of its members will pay a visit to 'The Buildings'."

"It will be a pity if they should carry away with them an impression that we in British Columbia have no veneration for the beautiful edifice so many have admired in the past—that we are content to permit cheap, inappropriate substitutes when making replacements that may become necessary," said Mr. James.

WHO DONE IT?: Was Robert Dunsmuir murdered in 1897?

In the second installment on the life and times of the Dunsmuir family in B.C., writer Patricia Young states: "His death was recorded as resulting from an accumulation of sulphuric acid resulting in blood poisoning."

The Colonist account of his death says: "The physicians state that the cause of death was an accumulation of uric acid which resulted in blood poisoning."

There is a slight difference.

INCIDENTAL INTELLIGENCE: The B.C. parks branch figures out the occupancy of provincial campsites in terms of "party-nights."

No, it doesn't mean they're confounding angles.

A party is considered to be four people in a car or group. If they stay at a campsite one day that's one party-night.

ANNIVERSARY WALTZ: Today is the first anniversary of this Notebook column. Looking back the year has been notable for the number of our campaigns which have ended in dismal and abject failure. Oh, well! At least we avoided lawsuits—louch wood.

### Driver Hurt In Plunge

Driver of a car that went out of control and plunged down a 15-foot embankment on Blenkinsop Road last night is in fairly good condition in Royal Jubilee Hospital.

The injured man was identified by Saanich police as William McAllan, 42, Major Road.

Police said the northbound car swung onto the wrong side of the road and flipped while tumbling down the bank. Heavy brush on the embankment cushioned the car's impact.

On July 13 Mr. McAllan's house at 3854 Cedar Hill Road was gutted by fire on the day when his wife Peggy was scheduled to return home from hospital with a new baby.

## Who Can Resist Lick-Appeal Of a Perky Pup at the SPCA?

By EDMUND COSGROVE

It takes a lot of control to resist the appeal of a puppy—especially if you're only 12 years old.

The Colonist watched a pup adopt a master at the SPCA animal shelter yesterday.

Sandra Strickland, 12, of 2840 Gorge View Drive, was evidently determined she was going to find "just the right kind of pup."

FIND "THE" DOG: No impulse buyer. Sandra and her parents had made three trips to the shelter to find "the" dog to replace the one she had lost.

Sandra looked over the 50 odd canines of varied shapes, sizes and pedigrees, then decided on a closer inspection of a three-month-old German shepherd.

Sandra surveyed the pup with practiced, critical eyes. He wasn't quite what she wanted... no, we'll come again.

FOUND HER DOG: But then that little tongue licked Sandra's face—nothing human can withstand that. Sandra had found her dog.

Sandra's surrender to a puppy's charm was just one of the very human experiences SPCA workers encounter in their daily activities, said shelter secretary manager N. H. Stephens.

For though their work is with animals, society workers find man's relationship with his brute friends a sure clue to his character.

"We try to discourage impulse buying on the part of the public," said SPCA secretary-manager N. H. Stephens.

Adopting a dog is good training in accepting responsibility for a youngster, says Mr. Stephens.

"Though we handle a lot of adoptions for cats, kittens are actually not a good pet for children... youngsters don't get the same response or companionship," he said.

Besides its work finding, feeding and housing lost, strayed or stolen pets, the society, an agency of the United Appeal, also provides medical care for injured animals.

## Five-Figure Men Order Lower-Floor Austerity

### Peter Bruton's NOTEBOOK

ROOM AT THE TOP: B.C. Electric chairman Dr. Gordon Shrum announced yesterday that the salaries paid the employees of the new Crown corporation are way out of line and will be reduced to a level paid in other Crown corporations.

As chairman of the B.C.E. Dr. Shrum is paid \$40,000 a year.

His opposite number, Dr. Hugh Kewenig, chairman of the B.C. Power Commission, is paid \$20,000 a year.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$21,500 for being a B.C. vice-president.

The B.C.E. directors are going to cut the salaries of some of their employees—but five will get you 10 they don't cut their own.

BONUS BABIES: The Oak Bay Little League organization believes in signing them young.

Notice of the annual meeting of the organization requests the attendance of all parents of Little Leaguers, managers,

coaches and "prospective parents."

His opposite number, Dr. Hugh Kewenig, chairman of the B.C. Power Commission, is paid \$20,000 a year.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$21,500 for being a B.C. vice-president.

THE VOICE OF ONE: Retired architect P. Leonard James has written a scathing protest to Works Minister W. N. Chant against "the act of desecration" in laying kitchen line tiles in the statutory corridors of the legislative buildings.

Mr. James is a one-time associate of the late F. M. Battenbury, the architect who designed the buildings.

## South Africa Today

## Everyday Life on a Volcano

By CAROLE-ANN BRINK

Johannesburg, the centre of turbulent South Africa, is my hometown.

Arriving in Canada a month ago, I was wary of the altitude I might encounter here towards a South African. So far I have met friendliness, hospitality and—I must admit, to my surprise—a certain amount of sympathy with our political difficulties.

Canadians seem genuinely interested in life in South Africa... in so many ways similar to life in Canada... in other ways so different.

I have spent most of my 27 years in Johannesburg. Today this great city cannot allow its pulse to weaken. The new Republic is poised on a political volcano but while that volcano remains dormant, day-to-day life must—and does—go on.

## AMERICAN WAYS

Our way of life is definitely more American than British. Fast American cars, movies, soda fountains, modern kitchens and multi-storied buildings are all part of the city scene.

Even in the country districts, the farmer will choose a large American car for travelling the desert wastes of the Karoo or manoeuvring bumps, unmade roads into the bush. Life in the land of sunshine is never seen so easily as in Johannesburg. Informal, friendly and—particularly for women—easy, although we are hampered to a certain extent by not being able to go out unaccompanied after dark (especially in Johannesburg, where crime is rife), we are, as a result, almost spoilt by our menfolk.

Pinot clubs for women are forming throughout the country. My family—I lived with them before coming to Canada—have a large apartment which is cleaned by an African whose services are included in the rent. And my parents have their own African maid, who does the cooking, bed-making, dusting and laundry. The housewives' job mainly involves ordering food, planning

try where, as a precaution, they are being taught the use of firearms.

Most women, even in the lower income groups, can afford at least one African servant. Many, if the home and grounds are big, may have up to five or six servants to do the housework and maintain the garden.

My family—I lived with them before coming to Canada—have a large apartment which is cleaned by an African whose services are included in the rent. And my parents have their own African maid, who does the cooking, bed-making, dusting and laundry. The housewives' job mainly involves ordering food, planning

there are still hundreds of stately old South African homes.

In Johannesburg one of these suburbs, Parktown, has a ridge on which stand the magnificent mansions of the early mining magnates.

## SPACIOUS GROUNDS

To me, the most striking difference between Toronto and a South African city is the lack of grounds around most Toronto houses. Even the smaller houses in Johannesburg have a fair amount of ground, and on the larger properties many people have their own swimming pools and tennis courts.

The bogey of burglary is something that every householder has to face, for housebreaking is an everyday occurrence. Almost all houses are equipped with some form of burglar proofing, either on the windows or an automatic alarm. Houses cannot be left unlocked when the occupants are out, and a good many people who live in the less built-up areas keep guns.

Our apartment building is not burglar-proofed, but we have an African watchman, who is off duty throughout the night.

Baby-sitting is never a problem for an African maid will willingly sit up, keeping an eye on the children until the parents come home. And she will always be given a "bonella" (tip) for doing this.

The Africans are devoted to children and will faithfully see that no harm comes to them.

Living in South Africa is, above all, an adventure. Like Canada, it is a developing country with the vigorous vitality of youth. Whatever our problems and whatever the criticism levelled at us, I can say without hesitation: I am a proud South African.

Newspaper Advertising  
Stimulates BuyingHam 'n' Cheese Peppers  
For Plan-Ahead Meals

Ham 'N Cheese Peppers are wonderfully bright in color and delightful in flavor. Crunchy crumbs of bite-size toasted corn cereal are combined with spicy ground ham and nippy melted cheese for the filling.

October weather is too pretty to stay indoors and the delicious harvest vegetables and fruits are too good to miss. The solution to the problem is really quite simple if you serve "plan ahead meals." For instance, stuff the peppers and make the Waldorf salad and chocolate pudding in the morning. Spend the day enjoying "October's bright blue weather" and, when you come home, it won't take any time to cook broccoli and carrots. You might even bake a few potatoes while the peppers are cooking. Be sure to select small ones, though, because the peppers only take 20 minutes.

As you can see, this is a budget meal from both the time and money point of view. However, if you are feeling rather affluent or if you want to give the platter a special touch, you might garnish it with preserved Kumquats. You'll like the bright orange color and the delicious sweet tart flavor.

## HAM 'N CHEESE PEPPERS

Six large green peppers, 2 tablespoons and 2 tablespoons melted butter or margarine, ½ teaspoon and ¼ teaspoon powdered marjoram, 3½ cups bite-size toasted corn cereal

## Welcome Room

At the annual meeting of the Welcome Room held recently, Mrs. G. L. Morris was elected president for the coming year. Other officers include Mrs. G. H. Piercey, vice-president; Mrs. G. Howland, past president; Mrs. R. Girard, secretary-treasurer; Mrs. C. H. Willis and Mrs. R. G. Ryan, supplies; Mrs. C. V. Wood and Mrs. G. H. Piercey, hostess; Mrs. A. R. Hind, sick visiting; Mrs. H. S. Langford, registration; Mrs. H. Hodgkinson, publicity and executive members; Mrs. H. Gilbertson and Mrs. C. Fleuron.

Police Put Ban  
On Goya Print

HASTINGS, N.Z. (CP)—Police here caused a stir in art circles when they told an art dealer to remove a print of the Goya painting "The Naked Maja" from his window. After protests came from artists and gallery officials, a police inspector said the print should be shown within the gallery where only genuine art lovers would see it.

## Faculty Women's Club Entertains at Tea

This Sunday the Faculty Women's Club of Victoria College will hold a fall tea at the Faculty Building on the Gordon Head campus to greet women new to the College this year. Guests will be greeted by Mrs. W. H. Hickman, wife of the principal, Mrs. G. Fields, president of the Faculty Women's Club, and Mrs. S. Ryce, vice-president.

Assisting will be Mrs. R. Wallace, Mrs. R. Poisson, Mrs. H. Gilliland and Mrs. L. Bowden.

Presiding at tea tables will be Mrs. P. Elliott, Mrs. J. Cunningham, Mrs. P. Noble and Mrs. H. Farquhar.

Mrs. J. Carson, with Mrs. C. Burchill, Mrs. P. Smith, Mrs. F. Martens, Mrs. W. Thummin, Mrs. W. Gaddes, Mrs. D. Halliwell and Mrs. G. Friedmann will be hostesses for the afternoon.

Tea arrangements are being made by Mrs. R. Elliott and Mrs. C. Goufson.

## Installation

Past president Carolyn Grace Heal installed new officers of the Junior Musical Art Society at first meeting of the season. Installed were Joan McCandlish, president; Judy Nicholson, vice-president; Jackie Court, secretary; Bette Cosar, treasurer; David Foster, program chairman; Connie Pepper, social convener, and Colin Bonneau, pianist.

Letters of thanks were read from the Queen Alexandra Solarium and the senior Musical Art Society for donations sent by the group.

Film titled "Glen Gould" was highlight of program. Refreshments were served by the outgoing executive.

## Wynne Shaw Gives Class In Seattle

Well-known ballet teacher, Wynne Shaw leaves Saturday for Seattle where she will teach an audition class at the Washington Athletic Club.

Gustave Stern, musical director of the Seattle Park Department, has announced public auditions for dancers to appear with the Holiday Dance Company. To assist in a non-biased selection of dancers, Beth Lockhart, choreographer for the Vancouver International Festival Operas, will serve as adjudicator, while Miss Shaw will give the audition class.

Miss Shaw will return Monday for final rehearsals for the Victoria Musical Arts Program on Wednesday evening in Oak Bay Junior High School auditorium when senior dancers from Miss Shaw's studio will perform.

## Members Give Talks On Hobbies

Quarterly meeting of Vancouver Island Branch of Canadian Women's Press Club was held on Sunday at Silver Bridge Inn, Mrs. E. Jim (Maurel) Wilson presided.

Detailed report was heard and a discussion took place on the visit to Victoria of Anita Malik, woman journalist from India. Mrs. Malik spent 10 months in Canada as guest of the CWPC.

An interesting program followed the business session when several members told of their hobbies. These included Mrs. D. Leedham Hobbs, painting and creating pictures from dried grasses; Times fashion editor, Nona Damasko, making and remodeling hats; Miss Dorothy Tupper, silk screen cards; and Mrs. Wilson, pottery.

Miss Bea Hamilton told of the tame deer on Salt Spring Island.

Next meeting will be in January in Victoria.

## MARMITE!

## Your Problems

By Ann Landers

Dear Ann Landers: I'm 15 and my boy friend is 16. He went to Europe with his folks and was gone six weeks. His letters were simply wonderful, especially the parts where he said he missed me very much.

He got back yesterday and of course I was dying to see what he brought me in the way of a gift. Well, he handed me a paper sack and guess what was in it—a lump of dirt from Ireland. We are both Irish but I think this is a pretty poor excuse for a present. I'm anxious to let him know how I feel but my mother says to control my temper and say nothing. What do you advise?—LET DOWN.

Dear Let Down: What were you expecting a Begley? Say nothing about disappointment. After all, a daughter of Erin should be mighty proud to own some of the old sod. And I must say the kid is plenty smart. This is really something you can pick up at the last minute!

Dear Ann Landers: I know you are a practical woman

"Overall? Sandwich? Chalkie lad - what 'ave they DONE t'yer?"

# Up and to Ye Court One Day...

# 'Peeps' Piques a Pepys Judge Stands Corrected

By EDDY GILMORE

LONDON (AP) - Members of the historic Pepys family say the name is pronounced "peeps," not "peeps."

The name was pronounced in the 17th century and has always been pronounced by the family, "peeps."

One of the most distinguished members of the family was Samuel Pepys, the English diarist who was born in 1633 and died in 1703.

The discrepancy came to light when Lady Paulina Mary Louise Pepys faced a magistrate Tuesday on the charge that she had committed a traffic violation.

Magistrate A. A. Pereira pronounced it "peeps."

"Sorry," said her ladyship, "but it's peeps."

Corrected, the magistrate fined her £2 for the traffic violation.

In an interview, Lady Paulina explained.

"Of course, I'm related to Samuel Pepys and if he called himself 'peeps' he was the first member of the family to do so and none has done it since."

With considerable feeling, she added:

"I don't like it being pronounced 'peeps' and I simply detest being called 'Lady Peeps'."

The present head of the family is John Doby Thomas Pepys, the seventh Earl of Cottenham and the 10th Baronet Pepys.

His Lordship was not at home, but his secretary said: "I can assure you that Lord Cottenham pronounces it 'peeps' and so does his son, the Viscount Crowhurst."

Said Brig. Anthony Pepys, Lady Paulina's cousin, who is secretary of the British Field Sports Society:

"Considerable research has been made into the subject and the family is satisfied the name is pronounced 'peeps'."

The family motto is "Mind Makes the Man."

Now is the time to make sure the community can provide people with adequate health and welfare services. Have you given your share to the United Appeal?

Results of the experiment reported to regional conference

Children who had been drinking fluoridated water all their lives showed a reduction of 74 per cent in dental decay. While 242 permanent teeth

Amazing improvements in dental health have been reported in the New Zealand community of Hastings as a result of fluoridation of water supplies. The tests have been in progress for six years and the results are believed to be the best achieved anywhere in the world.

High susceptibility New Zealanders are notoriously for their high susceptibility to dental caries. An unusually large proportion of people have complete sets of artificial teeth early in life.

Hastings, with a population of about 32,000 was the first substantial community in New Zealand to approve fluoridation.

Results of the experiment reported to regional conference

Children who had been drinking fluoridated water all their lives showed a reduction of 74 per cent in dental decay. While 242 permanent teeth

Amazing improvements in dental health have been reported in the New Zealand community of Hastings as a result of fluoridation of water supplies. The tests have been in progress for six years and the results are believed to be the best achieved anywhere in the world.

High susceptibility New Zealanders are notoriously for their high susceptibility to dental caries. An unusually large proportion of people have complete sets of artificial teeth early in life.

Hastings, with a population of about 32,000 was the first substantial community in New Zealand to approve fluoridation.

#### Editor to Speak

Joint luncheon meeting of the Men's and Women's Canadian Clubs to be held at 12:15 p.m. Oct. 6 in the Empress Hotel ballroom will be addressed by Blair Fraser, editor of Maclean's Magazine. Subject of his address will be "Propaganda in a Free Country."

#### Civil Defence

### All-Out Effort Urged

VERNON, B.C. (CP) — Greater emergency consciousness at the municipal level was urged Wednesday by Municipal Affairs Minister Wesley Black.

In an address to the annual convention of the Union of British Columbia Municipalities, he proposed that local government use all its personnel, facilities and equipment in civil defence training.

#### TRAINING NEEDED

Mr. Black urged that municipalities identify the emergency function of government, reinforce those departments, augment their staff with volunteer auxiliaries, and train all personnel in their emergency functions.

#### 'ESTABLISH BANK'

Establishment of a municipal development bank to make available low interest capital for municipal purposes was urged at the convention by George Mooney, president of the Canadian Federation of Mayors and Municipalities.

#### HOSPITAL PLAN

A brief urging construction of a University of B.C. hospital was submitted for consideration. It was prepared by the medical faculty of UBC.

### Veteran Of RCMP Dies Here

Retired RCMP Inspector Charles Henry Harvey died here Tuesday after a long illness.

Born in Southampton, England, he joined the RCMP 32 years ago and won his commission in Edmonton in 1949. Insp. Harvey came to Victoria 10 years ago as head of the Victoria detachment. He was a member of the Masonic Lodge at Fort Qu'Appelle, Sask., and served during the First World War with the 38th Battalion of the Canadian Expeditionary Force.

He is survived by the widow, Frances, 1032 Victoria Avenue; a daughter, Mrs. W. B. (Beryl) Young, a son, Robert, and four grandchildren, all of Toronto. Rev. Angus Cameron will conduct funeral services in St. Matthias Church at 10 a.m. tomorrow.

### Company Accused Of Fraud

MONTREAL (CP) — The Foundation Company of Canada Wednesday was committed for trial on six charges of defrauding the Cargill Grain Co. Ltd. of \$111,871.

The Cargill Company, based in Winnipeg, claimed overcharges on contracts awarded to Foundation for work on an 11,000,000-bushel grain elevator at Baie Comeau, Que., in 1959 and 1960.

Judge Paul Huetheu of sessions court, handing down judgment at preliminary hearing of the case, ruled there was enough evidence to warrant a trial. No witnesses for the defence are heard at preliminary hearing.

Wherever you live, wherever you work, you can help make the community a better place to live in. Give generously when your United Appeal can vasser call.

He's 95  
Today

Remarkably young-looking and spry for his age, Eric C. Jamieson, 1117 Hilda, celebrates his 95th birthday today. Meeting clear of worry should result in long and happy life for most people, he says. Mr. Jamieson came to Canada from Inverness, Scotland, in 1906 and lived in Paris, Hamilton and Ottawa before coming here about 16 years ago. Widowed late in life, he remarried during his 80s. (Colonist photo.)

## BCE Board Pay Cuts Considered

VANCOUVER (CP) — B.C. Electric's board of directors is studying the problem of salary reductions to bring them in line with those prevailing in other comparable organizations, the company said on Wednesday.

Dr. Gordon Shrum, BCE chairman and president, said salaries at higher levels were out of line with those prevailing in other Crown corporations and with other Canadian public utilities, whether privately or publicly owned.

He added that salaries at lower levels appeared to be more comparable.

## B.C. 'Nerve War' Hurts Revelstoke

REVELSTOKE (CP) — A CCF member of the B.C. legislature Wednesday blamed the B.C. Power Commission for a "crippling war of nerves" in a district destined for flooding and hydro-electric development.

George Hobbs, the member for Revelstoke, was speaking at hearings into the application for a licence to proceed with the vast \$458,000,000 Columbia development scheme.

Mr. Hobbs said he blamed the power commission for increased unemployment in the district, and charged commission officers at the hearings had inadequate answers to witnesses' questions.

The MLA said no allowance had been made in Columbia plans for surges in the river level.

NOT SO DEVASTATING  
Provincial water controller A. F. Paget, conducting the hearings, said in reply "it is not as devastating as you are trying to make it sound."

## U.K. Door Shut?

LONDON (CP) — A British MP told Commonwealth parliamentarians yesterday that Britain might soon announce legislation to restrict Commonwealth immigration.

Nigel Fisher, Conservative, told a conference of the Commonwealth Parliamentary Association that such legislation would not mention color but its impact would be upon the West Indies and to a lesser extent India and Pakistan.

### OPPOSED TO IT

Fisher said he hoped there was no truth in it but some people thought the government might announce restrictive legislation next month.

He said he himself was opposed to such legislation and he did not believe the Commonwealth countries have been fully consulted about the question.

### MANPOWER NEEDED

Fisher said Britain's traditional "open door" policy toward Commonwealth immigrants should be adopted by every Commonwealth country.

# BLUEPRINT TO END TENSION PUT BEFORE UN BY RUSSIA

UNITED NATIONS (AP)—The Soviet Union Wednesday night laid before the United Nations an eight-point program to ease international tension and promote general and complete disarmament.

The proposals, contained in a memorandum, included the freezing of military budgets, renunciation of the use of atomic weapons, a ban on war propaganda and withdrawal of all troops stationed on the territories of one country by another.

The aim of the program, the Soviet memorandum said, is to free international relations from "the burden of the cold war."

The Soviet plan called for measures to lessen the danger of surprise attack, the establishment of atom free zones in Europe, Asia and Africa, conclusion of a non-aggression pact between the NATO powers and the Communist members of the Warsaw Pact, and measures against the further spreading of nuclear weapons.

### 'NO NEED TO WAIT'

The Soviet memorandum suggested these steps might be taken without waiting for agreement on general and complete disarmament, provided they did not give any country an advantage. It said their implementation should not divert attention from the general disarmament problem but that they should be considered as preliminary steps to improve the international atmosphere.

Here are the eight points and quotes from the plan:

- Freezing of military budgets—"The Soviet government is proposing... Without waiting for the solution of the question of general and complete disarmament... to set a maximum limit for military expenditures in the budgets of states not exceeding the level of their military appropriations as of Jan. 1, 1961."

- Renunciation of the use of atomic weapons—"If the Western powers are not prepared at present to assume, together with the Soviet Union, the obligation to unconditionally renounce the use of nuclear weapons, it could be agreed as an initial step to assume the obligation not to be the first to use nuclear weapons."

- Banning of war propaganda—"In some countries it is regarded as almost a demonstration of freedom of speech. We, calling a spade a spade, treat appeals for war, even if they are made in veiled form, as one of the gravest criminal offences."

- Conclusion of a non-aggression pact between the countries of NATO and the Warsaw treaty—"The proposed agreement would be an expression of the fact that the states of the opposing blocs have no aggressive designs..."

- Withdrawal of foreign troops from alien territories—"As a first step all foreign troops stationed in Germany could be reduced within a certain time limit by one-third."

- Measures against further spread of nuclear weapons—"In the opinion of the Soviet government there now exists an opportunity to sign an agreement under which the nuclear powers would assume an obligation not to transfer nuclear weapons to the possession of other countries..."

- Establishment of atom-free zones—"In the opinion of the Soviet government it would be practically easy to make an atom-free zone out of the whole of the African continent..."

- Measures to lessen the danger of a surprise attack—"The most practicable measures that could be taken in the immediate future include the establishment of ground control posts at railway junctions, big ports and on motor highways which would have the task of verifying that no dangerous concentrations of military personnel and material are allowed."

## U.K. Calls Reds Double-Dealers

### Russian Policy Scorned

UNITED NATIONS, N.Y. (UPI) — Britain warned Russia yesterday against its "double-dealing" in world affairs and called upon the Soviet Union to abandon its policy of exploiting civil strife.

Britain's foreign secretary, the Earl of Home, vigorously rejected the Soviet proposal of "troika," or any variant of the "troika" to direct the United Nations in succession of the late Secretary-General Dag Hammarskjöld.

### PLAN ENDORSED

In a policy speech to the General Assembly, Lord Home endorsed the disarmament plan proposed by the United States earlier this week and called for self-determination for the people of Berlin and all of Germany.

### DECEPTION CHARGED

He denounced Russia for its "deliberate deception" in preparing its current series of atmospheric nuclear tests while it negotiated with the United States and Britain at Geneva on a treaty to ban all atomic explosions.

### DESTRUCTION AIM

"I say quite straight to the Soviet Union that the world simply cannot survive another example of such double-dealing."

There is no peace in the world, the British statesman said, "because one-third of mankind has governments dedicated to the destruction of the way of life of the other two-thirds."

### 'ADVERTISED PURPOSE'

"They have elevated to the status of dogma the exploitation of civil strife as a means to that end," he said. "I have not invented that. It appears in the published documents of the Communist parties who met in Moscow last year. That is the threat to co-existence which is the advertised purpose of the Communist bloc."

### 'NO PROGRESS'

Dealing with the Soviet Union's plan for an interim secretary general with a "subtroika" of three deputies who would have veto power over his executive and administrative decisions, Lord Home said:

### MUST BE HAVED

"I agree with the president of the United States that the United Nations must be saved... The one thing we can do to sustain it immediately is to insist that there be a single executive assisted by an international civil service, none of whom take their orders from any government."

## Red Chinese Fleeing From Soviet Fallout

TAIPEI, Formosa (UPI) — Radio Peking has warned that the population of Northwest China is threatened by "dense and poisonous radioactive fallout" coming from the Soviet Union, National Chinese intelligence sources reported today.

The radio was quoted as saying that the situation in Sinkiang province bordering on Russia is so serious that inhabitants have been urged to leave the region.

### TROOPS MOVE IN

Troops have been ordered to Sinkiang to help people leave by providing them with vehicles and boats.

Peking radio said, the "dense" fallout had resulted from Soviet nuclear tests in Central Asia.

### TOLD TO REPORT

Radio Peking asked people to report immediately to local authorities if they have skin burns, severe headaches, or feel unusually tired.

Candidate

Launching campaign for governorship of California, former Republican vice-president Richard Nixon says he will not make a second bid for presidency if he is elected to highest state office in 1961.

## Nuns Banished for Brawl

VENICE (Reuters) — Eight Roman Catholic nuns, including a former mother superior, have been dismissed from their order after engaging in a free-wheeling brawl, it was reported here Wednesday.

Magr. Angelo Tomasini, delegate of the Bishop of Treviso in north Italy, said the nuns had been reduced to lay status after "a grave act of disobedience" at the Immaculate Heart

of Mary Convent near Venice. The police commandant at Den Dona di Piave, home of the convent, told reporters a fight broke out at the convent Tuesday between nuns of two orders.

One of the convent's nuns, Sister Elisabetta Polignano of the Franciscan Order, said a monk who intervened in the quarrel hit her and two other nuns with a stick.

Sister Elisabetta said the trouble arose out of a long-

standing disagreement between Franciscan nuns and nuns of the Clarissa Order at the convent.

"Strong words were exchanged among the nuns and a fight broke out," she continued. A monk sent to the convent to investigate the dispute then "waved a stick at us," Sister Elisabetta said.

Three Franciscan nuns, including herself, were "hit in many parts of our bodies," she said.

### Sister Elisabetta said

Magr. Tomasini arrived at the convent that night and ordered the Franciscan nuns to leave. He also told the Clarissa nuns to leave, telling them to stay in a nearby orphanage.

The Franciscan nuns were still at the convent Wednesday night despite the order.

Magr. Tomasini said:

"If the rebellious sisters do not leave the convent voluntarily, they will be removed with the aid of public force."

## Ontario Fire Claims Seven

PORT DOVER, Ont. (CP) — Seven persons — five children and their parents — were reported to have been killed early today in a fire which destroyed their home in this Lake Erie town 27 miles south of Brantford.

A sixth child was taken to hospital in nearby Simcoe. Names of the victims were not immediately available.

# Spokane Goalie Makes Habs Hustle But Montreal Wins Exhibition, 4-2

Montreal Canadiens may or may not have goalkeeping troubles this National Hockey League season but they certainly had them last night at Memorial Arena.

Eddie Johnston, one of the four goalkeepers, Canadiens brought to their Victoria training camp, was the guy who gave them trouble. He could even have left someone wondering if he didn't belong as one of the two tenders Canadiens rate No. 1 and No. 2.

**MADE THEM DIG**

Playing for Spokane Comets, Johnston was the star of the game as he got in front of 10 shots to make Canadiens dig for the 4-2 victory they finally got over the Western Hockey League club.

Johnston was always alert and steady and often very good, and it looked possible at times that the National Hockey League champions might get no better than a tie, or even lose the game.

Playing their second game in two nights to start an exhibition tour which will eventually lead them back to Montreal Forum, Canadiens looked no better than a team should at this stage of their training period.

**MISSED MOORE**

They missed Dickie Moore back in Montreal for treatment of his bad knee and Henri Richard who will be out for some days with two pulled

groin muscles, and could never quite assume the superiority expected.

With their remaining big guns not yet of a mind to skate all out and the Comets skating with them the most of the way and getting the kind of backing they did from Johnston, Canadiens had to scramble for the win.

They were scored on in the sixth minute of the first period, didn't draw even until the first minute of the second period, and started the third no better than 2-2.

Goals by Phil Goyette, played as his club's standout player, and Jean Bellevue set tied the issue.

Comets managed but 20 shots on Jacques Plante and Cesare Maniago, who shared

Montreal's goaling, but could have easily got another goal or two with a bit more finish.

The Spokane club slumped a bit in the second period, came on sturdily in the first part of the last 20 minutes but were being outplayed at the finish.

**GOOD GOALS**

Both Spokane goals were well taken. Gerry Brisson got the first, cashing his own rebound after a clever deflection by Max Meklikov had put him through Rookie Gordie Stratton tied it at 2-2 late in the second period, making things even for Plante by beating Maniago with a good shot after a rush down the right boards.

Marcel Bonin, who played a hard game to see in three assists, helped set up Canadiens' first goal. Both scored on pass-outs from behind the goal.

Bernie Geoffrion got the first with a quick sizzler and Billy Howe got the second.

**GOALMOUTH PASSES**

Goaltender's winner came on a goalmouth pass from Claude Provost and Bellevue slipped Bonin's pass-out behind Johnston on a power play.

A sellout crowd of about 5,200 was on hand and fans didn't seem to know whether or not they would have preferred Canadiens to show their power and make it a rout or have Comets score an upset. The way it ended seemed about right for most.

Pre-game ceremonies included the introduction of players on both sides with the familiar Montreal telecasting duo in charge. Announcer Danny Gallivan did the honors for Canadiens and commentator Frank Selke, Jr., introduced the Comets.

Gallivan introduced Leontine Governor George Prankos and acting mayor Art Dowell.

**SECOND PERIOD**

**No Tickets Left**

Sad news that no tickets are left is being mailed out to Cincinnati baseball fans who want to see the world series.

## O'Toole Likely Cincy Starter

CINCINNATI (AP)—Jim O'Toole, power throwing south paw of the National League Cincinnati Reds, is the best prospect to start the world series, manager Fred Hutchinson indicated Wednesday.

Hutch didn't pick a series starter against New York Yankees, because the Reds have three more regular season games to play at Pittsburgh this weekend.

But he tabbed O'Toole to start today and said he would continue his regular rotation, with Joey Jay 21 game winner, pitching Saturday and veteran Ron Purkey wrapping up the season Sunday.

That puts O'Toole squarely in the spot light for the first series game in Yankee Stadium.

Hutch said he could figure on some letdown on the squad after the Reds took their first flag in 21 years Tuesday night.

Cincinnati had a king-sized bangover Wednesday after a substitution that left four winnows, broken sticks, littered with paper and broken beer bottles.

The crowd of fans that swarmed into central downtown Cincinnati poured detergent into the water of Fountain Square climbed up on signs, lamp posts, theatre marquees and even swarmed along the bus carrying the Red.

## Yankees At 11-to-5

LAS VEGAS, Nev. (AP)—New York Yankees were 11-to-5 favorites Wednesday to defeat Cincinnati Reds in the world series but Las Vegas oddsmakers figured it won't be a rout.

They were offering six-to-one against the Yankees taking the series in four straight.

## Reigning Coho King

The coho to beat in the Colonist King Fisherman contest is this 20-10-pounder caught by Jim Cooper of New Westminster, Sept. 15, at Bates Beach on a Rex Field plug and two ounces of weight. The coho are still being caught in north island waters and at Cowichan Bay, Saanich Inlet, Victoria and Sooke waterfront and Port Renfrew.

## 'Bushed' Maris Takes Rest Koufax Sets Strikeout Mark

A "bushed" Roger Maris took a day off yesterday, so with nothing happening in the home run derby and both pennants clinched, yesterday was the day of the also-runs in the major leagues.

While Maris and Mickey Mantle out with flu were both resting, Jim Gentile hit his 14th homer and Steve

AMERICAN LEAGUE		NATIONAL LEAGUE

Seattle Mariners	0-0	San Francisco Giants	0-0

Frank Lary of Detroit won his 23rd game against nine defeats for Detroit Tigers, who clubbed Kansas City, 10-2, with the help of their "C-Men" Rocky Colavito hit his 13th homer, Norm Cash his 19th.

Al Schroll of Minnesota Twins had a no-hitter going into the ninth inning gave up a single and a triple, but beat Cleveland Indians, 10-1.

**LARY WINS**

Frank Lary of Detroit won his 23rd game against nine defeats for Detroit Tigers, who clubbed Kansas City, 10-2, with the help of their "C-Men" Rocky Colavito hit his 13th homer, Norm Cash his 19th.

Al Schroll of Minnesota Twins had a no-hitter going into the ninth inning gave up a single and a triple, but beat Cleveland Indians, 10-1.

**HANK DISAPPOINTED**

Maris "so tired I can hardly run" was given permission to rest by manager Frank Houk. Yankee Stadium fans, who saw New York's home winning streak snapped at 14 games, clamored for him to pinch-hit in the ninth inning, but were disappointed.

Yanks have an open date today, then head for Boston, where they play a three game series with the Red Sox and Maris gets his last chance for home run No. 61 and a major league record.

**When to Fish or Hunt**

**SOLUNAR TABLES**

by John Allen Knight

According to the Solunar Tables, the best time for fishing and hunting today and tomorrow will be as follows (times shown are Pacific Standard Time):

**TODAY**

Major Mover: 9:30 A.M. Minor Mover: 1:30 P.M.

**TOMORROW**

Major Mover: 9:30 A.M. Minor Mover: 1:30 P.M.

Major outdoor periods, lasting 1 1/2 to 2 hours, dark 11 p.m.

Minor periods, shorter in duration, light 11 p.m.

**NEW YOU READ AND YOU KNOW OUR MANAGES ARE SO TOUGH!**

## Wings Wallop Edmonton, 7-1

EDMONTON (CP)—Detroit play in western Canada with Red Wings of the National Hockey League exploded with four final-period goals in an exhibition hockey game in Edmonton last night to defeat Edmonton Flyers of the Western Hockey League 7-1 before about 3,000 fans.

Wings play in Victoria against Portland on Saturday. Detroit held 2-0 and 3-1 period leads before the outburst. The win maintained Red Wings' six-year record of exhibition

VANCOUVER (CP)—Forwards Gogie Stewart of Westminister Royals and Dave Hutton of Vancouver Firefighters have been suspended as a result of a fight in a Pacific Coast Soccer League game Sept. 16.

## Brother in Ranger Chain

Dave Woodley is following his brother Mike down the path they hope will someday lead to professional hockey stardom.

Dave, who will be 16 next Tuesday, has been signed by Boston Bruins of the National Hockey League. Monday he and his father, Jack Woodley,

## Even Spear-Carriers Want Money

John Blanchard, after a half dozen difficult years, came with a thundering rush this season. Young pitchers like Roland Sheldon, Bud Daley, Bill Stafford and Ralph Terry would not take kindly to the notion that they have passed the peak of their earning power. Even the spear-carriers in the east have a right to expect that, as members of a championship team, they will receive suitable tokens of their employers' esteem.

One picture, Hamey at his desk around the idea of February. He has clawed his collar open, snatched out hair in clumps, and now he is checking off names on the roster. "Lopez," he mutters harshly. "Cleveland, Coates, Turley, Cervi, DeMaestri... there, I guess that just about wraps it all up, holy cow, how did I ever forget him?"

Trembling, his ballpoint pen stops at the name "Berra, Lawrence Peter." Yogi Berra is not exactly a rookie and he did not become the leading capitalist of Montreal, N.J., by hiding his light under a bushel or a peck, or a quart.

## A Beer for the Major

It can only be hoped that when all the rest have got theirs, Topping or Webb will have a little something left in the cookie jar for Ralph Houk. The individual performances of the Yankees this year and the prizes they are going to command next season are evidence that the gallant major was handed a first-class team when he succeeded Casey Stengel. But these same figures testify to the skill and understanding with which Houk has managed the club.

## City Boy Signs with Bruins

Dave Woodley is following his brother Mike down the path they hope will someday lead to professional hockey stardom.

Dave, who will be 16 next Tuesday, has been signed by Boston Bruins of the National Hockey League. Monday he and his father, Jack Woodley,

left for Niagara Falls and the Bruins' training camp. They'll see two exhibition games, then Dave will go to Montreal, where he will play with Lachine in the Montreal Metropolitan Junior "A" League. Next season the Bruins hope to have him on the Niagara Falls team in the Ontario Junior Hockey Association.

Brother Mike, 18, has been with Flin Flon Bombers of the Saskatchewan Junior Hockey League for the past two years. The Bombers are sponsored by New York Rangers.

## Brother in Ranger Chain

Dave Woodley is following his brother Mike down the path they hope will someday lead to professional hockey stardom.

Dave, who will be 16 next Tuesday, has been signed by Boston Bruins of the National Hockey League. Monday he and his father, Jack Woodley,

left for Niagara Falls and the Bruins' training camp. They'll see two exhibition games, then Dave will go to Montreal, where he will play with Lachine in the Montreal Metropolitan Junior "A" League. Next season the Bruins hope to have him on the Niagara Falls team in the Ontario Junior Hockey Association.

## Use Local Labor

# \$24,000,000 Job Started

## First Contract Let To Vancouver Firm

PORT ALBERNI—Work has started on the site of one of the main projects of the MacMillan, Bloedel and Powell River Co.'s Alberni pulp and paper division \$24,000,000 expansion program.

Actual construction is expected to get under way before the end of this week.

Smith Brothers and Wilson Ltd., Vancouver, were awarded a \$3,000,000 contract for the paper machine room and groundwork mill. The com-

pany has a skeleton crew at work excavating for foundations and building work sheds.

Project superintendent W. Katerenchuck said yesterday that as far as possible local people will be used on the job. Carpenters, cement finishers, laborers and other workers will be hired through the Port Alberni office of the National Employment Service.

The project includes construction of a building 100 by 600 feet to house paper machinery.

## Moot Meet? Mabel Mum

ALBERNI—Aldermen here still don't know whether or not they held a legal special meeting here earlier this month but have adopted the minutes anyway.

Legality of the meeting was questioned by controversial Mayor Mabel Anderson who had asked city solicitor Robert

Ohs to render a written opinion on the subject.

When the report was handed to the mayor at a council meeting this week she was asked by Aldermen George Dunbar and Thomas Hamilton to have it read.

She offered to outline the substance of the opinion but refused to read it.

So aldermen adopted the minutes of the special meeting without learning whether or not it had been called legally.

## Now Many Wear FALSE TEETH With Little Worry

Est. talk, laugh or sneeze without fear of disfigure false teeth dropping, slipping, or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause chafing. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at drug counters everywhere. Adv.

Social welfare in Canada is not the exclusive property of social workers. Social welfare is, and must be, the concern of all members of a community. United Appeal leaders point out.

## Awarded \$75,000 Contract

NANAIMO — A local contractor, D. Robertson Construction, has been awarded a \$75,000 contract covering three new B.C. Telephone Company structures at Comox, Cumberland and Courtenay.

The buildings are part of a \$1,000,000 project which covers the installation of dial equipment and facilities for direct distance dialing.

When the installation is complete, sometime next year, toll-free calling will be introduced between Cumberland and Courtenay exchanges, which embrace Courtenay, Comox and Union Bay.

The project also includes construction of a portable trailer-type dial exchange, which will serve Denman and Hornby Islands.

## Benjamin Has Cause To Crow

FULFORD—A small bantam rooster at Isabella Point has got something to crow about—he's a mother.

Benjamin the rooster moved into the maternal field about a week after his spouse produced a chick and then expired.

But in spite of his new duties as mother "hen" to the fluffy offspring he still finds time to usher in the day for his owners, Mr. and Mrs. Jack Roland and their children.

When he isn't playing the role of a feathered alarm clock he's busy caring for Junior.

He keeps the chick warm at night and guards it all day.

When friends and neighbors call at the Roland home he takes up a belligerent stance between chick and intruder and defies all.

Efforts to take pictures of the happy pair are usually marred by Benjamin's obstinate refusal to get out from in front of his offspring.

## Courtenay Cautions Khrushchev

COURTENAY — Letters to Prime Minister Macmillan, President Kennedy, General de Gaulle and Nikita Khrushchev have been sent from here by a number of mothers in a "vote for peace" campaign.

The letters contain pictures of children and warn against nuclear tragedy.

Interest in the movement increased when a recent slash fire spread a cloud over the area and people started asking themselves "suppose that cloud was radio-active?"

Members of the anti-radiation hazards group here found many mothers not members of the group were taking increased interest in radiation and fallout.

## Vicar Named For Errington Parkville

PARKVILLE — Rev. Canon L. L. Grant, rector of St. Augustine's Church, Lethbridge, Alberta, has been appointed vicar of St. Anne's, French Creek, and St. Mary's, Errington, to succeed Rev. John Stainer who has gone to Oliver, B.C.

Rev. Grant has been rector of St. Augustine's for 19 years and previously held several charges in Saskatchewan. He will arrive in Parkville with his family at the end of November and in the meantime services at Parkville and Errington will be taken by Archdeacon A. E. Hendy of Qualicum Beach.

Norman Trim will assist as lay reader and it is anticipated that some services will be taken by visiting priests from Victoria.

## Boat Theft Brings Jail

DUNCAN — Magistrate A. C. Sutton sent a 30-year-old unemployed man to jail for 30 days yesterday for theft of a boat.

Bertalan Szakaly, who said he came to Canada 10 years ago, from Hungary, was stated by RCMP Cpl. Gordon Irvine to have taken a boat at Cowichan Bay. When he had finished with it he took the boat into the river near the old stone church and abandoned it on an Indian reserve.

Accused, who had difficulty making himself understood, said he had been invited by another man to go fishing. Cpl. Irvine said witnesses saw accused leave the boat by himself.

Szakaly told the magistrate he had hopes of getting a job in a sawmill in the Duncan area and that he had come from Fernie, B.C. to look for work. He pleaded guilty to the charge.

## Seek Funds

DUNCAN — Residents of Chemainus, Lake Cowichan, Crofton, Maple Bay, Duncan, Cobble Hill and Cowichan Bay will be canvassed this evening and Saturday evening by members of the Navy League of Canada's Admiral Mainstay Sea Cadet Corps. Boys in uniform will seek funds throughout the district from 6 to 8 p.m. on both days.

## Guides' Problem Solved

CHEMAINUS — Fears that the Chemainus Girl Guide Company would have to disband for lack of a leader have been dispelled with the arrival here of Miss Joyce Lonsdale, a former Guide commissioner from Tanganyika, East Africa, to raise funds.

Miss Lonsdale was appointed Guide leader here at a recent meeting of the local association of Guides and Brownies. Mrs. Joan Sym will be Grey Owl to the Brownie pack. The association will hold a home and bake sale Oct. 7 in order to raise funds.

## EATON'S

### DuBarry Get-Acquainted Offer!

## SECOND NEWS SECTION

VICTORIA, BRITISH COLUMBIA, THURSDAY, SEPTEMBER 28, 1961

## Trekka Just an Also-Ran?

The Chamber of Commerce board of directors has rejected a proposal for the purchase of the 20-foot sailboat Trekka in which Victorian John Guzzwell sailed around the world. Chamber president A. E. Walters said last night the consensus was that Trekka

was "a good boat and not due for retirement yet." Also, Mr. Walters said, the board felt that although Mr. Guzzwell's feat of sailing the tiny sailboat around the globe single-handed was a "remarkable journey" it had set no "world-shaking records." Therefore directors decided

Trekka had largely local interest, he said. (Trekka is the smallest craft ever to sail around the world. Her trip covered 33,000 miles of single-handed sailing.) Mr. Walters added: "There is no doubt that the Tillamook no display in Thunderbird Park outranks Trekka as an historical museum piece."

The chamber president said several yachtsmen among directors attending the meeting held the view that Trekka was a "beautifully-made" boat that should remain in active use for a good time to come. It was disclosed earlier this week that the sturdy little yawl in which Skipper Guzzwell made his 33,000-mile voyage had been put up for sale in San Pedro, Calif.

Lt. Col. D. Stewart Mitchell, 30407 All Bay, said Trekka—the best ambassador Victoria has ever had—may be lost forever unless some local action is taken. He said a fund was planned to purchase the Trekka and place it on permanent display in the B.C. Maritime Museum.

## View Royal

## Log Boom Claim Contested

View Royal property owners intend to stake a counter claim to Upper Esquimalt Harbor in an attempt to block construction of a log booming ground.

And they are basing their action on advice from Lands and Forests Minister Ray Williston said Ken Fraser, treasurer for the Upper Esquimalt Harbor District Committee last night.

He said an investigation carried out yesterday by two representatives from the area showed the previous lease had expired.

Committee member Mrs. R. T. Stark and E. Young, president of the ratpayers' association, made the double check of lands office records after it was reported the previous lease had run the course of its five years without "any gainful development."

Mr. Fraser said these facts were placed before Mr. Williston who then advised the committee to apply for a lease to develop the foreshore area for a small boat anchorage and recreational purposes.

Mr. Williston said he had based his previous stand on the assumption that a lease was in force, said Mr. Fraser. "When he heard that we could find no trace of the lease, he promised he would investigate the entire matter."

## Narrow Escape

A Cobble Hill family of three narrowly escaped serious injury yesterday when their car collided with a CPR freight train a mile south of Duncan. Mr. and Mrs. John Worthington and daughter Debbie, 2, were all thrown from the overturned car. Debbie was rushed to Royal Jubilee Hospital and treated for head injuries. Her parents were being held at Duncan's King's Daughters' Hospital for observation. (Cowichan photo.)

## A Street Named Neil

## Graveyard for Dogs Ulcers for Mothers

By TED PULFORD

Within the past week, in the 2000-block Neil three pet dogs have been howled over by automobiles.

Two of them have died. Youngsters dart across the street like jungle combat veterans sprinting to avoid enemy fire.

Hot rods, their straight pipes blasting, shatter the air day and night.

Frantic calls for more police protection for the 50 children who live on the block have apparently been shunted aside by officers who say little can be done as long as motorists adhere to speed limits.

**SPECIAL AREA** But the people along the block—particularly mothers who say they spend one-third of their time screaming at the youngsters to get off the road—believe special circumstances obtain in the area and special

The 30-mile-an-hour speed limit, they claim, is just too lax. The street is wide, empty of trees and free of stop signs, hence motorists can zip along the block with a feeling of security.

**REAL NUISANCE** Mrs. R. C. Webster, who lives at 2148 Neil, has been on the telephone continuously since a nasty driving crashed the life out of the family pup with his automobile.

"I've made a real nuisance of myself," she admitted candidly, "because it seems this is the only way to get any action."

In desperation, she suggested the police "use their imagination."

She added ruefully: "I guess that was the wrong thing to ask them."

Oak Bay Police Chief Robert Smith agrees that the block in question is carrying more arterial traffic than it should be, as people stream down to the Foul Bay Road shopping centre.

As the result of the complaints and an investigation by the chief, certain recommendations concerning the block will be made by the traffic safety committee to council at the next meeting.

**BLAMING US** "After all," reasoned the chief, "we can't slap slow signs on every block in Oak Bay or the entire motoring community would be driving around at 18 miles an hour and blaming us for it."

**MARG RONEY** Marg Roney typing a telegram. (She is a typist for the garrison adjutant at Work Point Barracks. She and her husband Charles, a furniture salesman live at 972 Dunsuir.

They have an 11-year-old son named Paddy. Her hobby is sewing.)

Helen Moyes looking chic in a new ensemble.

Sue Lou Fox hoping to win a prize.

Mollie Robertson interviewing new employees.

John Edwards, polishing his shoes.

Rob and Maria Brown celebrating their anniversary.

As chairman of the B.C. Dr. Gordon Shrum is paid \$40,000 a year.

His opposite, number Dr. Hugh Keenleyside, chairman of the B.C. Power Commission, is paid \$20,000 a year.

Why even Elmer Gundersen, the friend of Premier Bennett, is paid \$27,500 for being a B.C. vice-president.

The B.C. directors are going to cut the salaries of some of their employees—but five will get you 10 they don't cut their own.

**BONUS BABIES:** The Oak Bay Little League organization believes in signing them up young.

Notice of the annual meeting of the organization requests the attendance of all parents of Little Leaguers, managers,

coaches and "prospective parents."

The B.C. directors are going to cut the salaries of some of their employees—but five will get you 10 they don't cut their own.

The speaker conceded that he "had a lot of fun" from his campaigns and "with all your help" in a hit or miss fashion and lots of eccentricity, "we are getting somewhere."

## Warning to City

## Jaycees Will 'Pull Out' If City Allows Carnival

If the city allows Greater Victoria Celebrations Association to stage a carnival on Blanshard Street at the same time as the Junior Chamber of Commerce has scheduled its spring exhibition in the arena, the Jaycees will pull up stakes and head for Esquimalt Sports Centre.

Local Jaycees at a meeting in the Net Loft last night applauded a report which vigorously condemned a claim by the celebrations group that the Junior Chamber's exhibition and carnival bit too deeply into their May 24 celebrations profits.

**UNNECESSARY ABUSE** Blasting the GVCA for its "ill founded criticism and unnecessary abuse," the Jaycees report assailed the association for implying that use of the arena for the exhibition was a "concession."

Said the report: "Perhaps the GVCA would like to look back on the last time the association used the arena... a name band was brought in, there was a great deal of publicity and yet, like so many GVCA functions, it was a dismal failure and resulted in an enormous deficit."

While some consideration had been given to staging the exhibition in the new Esquimalt sports centre, the Jaycees agreed to hold off until a definite decision is handed down by the city on the use of Blanshard Street for the carnival. A decision is expected within 10 days.

## City PTA Group To Hold Fair

There will be gokarts and pony rides to amuse the children and stalls of all kinds to interest grown-ups at a fun fair held by Frank Hobbs' PTA in the school grounds from 2 to 4 p.m. Saturday.

## Color Film Discussion

Arthur Styffe will discuss three new types of color film film at a meeting of the Victoria one-shed to replace the branch of the Color Photography Association at 8 p.m. old rallies of varied shapes, sizes and pedigrees, then discuss the

Sandra Strickland, 12, of 2840 Gorge View Drive, found it almost impossible to choose between these two happy little German shepherds at the SPCA animal shelter. She finally picked the affectionate one. (Colonist photo.)

## Who Can Resist Lick-Appeal Of a Perky Pup at the SPCA?

By EDMUND COSGROVE

It takes a lot of control to resist the appeal of a puppy—especially if you're only 12 years old.

The Colonist watched a pup adopt a master at the SPCA animal shelter yesterday.

Sandra Strickland, 12, of 2840 Gorge View Drive, was being held by Frank Hobbs' PTA in the school grounds from 2 to 4 p.m. Saturday.

**FIND "THE DOG"** No impulse buyer, Sandra and her parents had made three trips to the shelter to look for the dog to replace the one she had lost.

Sandra looked over the 50 old rallies of varied shapes, sizes and pedigrees, then decided on a closer inspection of his brute friends a sure clue to his character.

"We try to discourage impulse buying on the part of the public," said SPCA secretary-manager N. H. Stephens.

Adopting a dog is good training in accepting responsibility for a youngster, says Mr. Stephens.

"Though we handle a lot of adoptions for cats, kittens are actually not a good pet for children," youngsters don't get the same response in or companionship," he said.

SPCA workers encounter in their daily activities, said shelter secretary-manager N. H. Stephens.

For though their work is with animals, society workers find man's relationship with care for injured animals.

**THE VOICE OF ONE:** Retired architect P. Leonard James has written a scathing protest to Works Minister W. N. Chant against "the act of desecration" in laying kitchen tiles in the state corridors of the legislative buildings.

Mr. James is a one-time associate of the late F. M. Robertson, the architect who designed the buildings.

Future visitors and tourists who have "a proper appreciation for the fitness of things" will be agast at the incongruous appearance resulting from such a mixture of modern and earlier period work, wrote Mr. James.

"Many visitors from distant parts are expected here in 1962

and amongst other organizations the Royal Architectural Institute of Canada is to hold its annual assembly here for the first time," he continued.

"No doubt many of its members will pay a visit to the Buildings."

"It will be a pity if they should carry away with them an impression that we in British Columbia have no regard for the beautiful edifices as many have admired in the past—that we are content to permit cheap, inappropriate substitutes when making replacements that may become necessary," said Mr. James.

**WHO DONE IT?:** Was Robert Dunsuir murdered in 1850?

In the second installment on the life and times of the Dunsuir family, touch wood.

**INCIDENTAL INTELLIGENCE:** The B.C. parks branch figures out the occupancy of provincial campsites in terms of "party-nights."

No, it doesn't mean they're condoning orgies.

A party is considered to be four people in a car or group, if they stay at a campsite one day that's one party night.

**ANNIVERSARY WAITZ:** Today is the first anniversary of this Notebook column. Looking back the year has been notable for the number of our campaigns which have ended in dismal and abject failure. Oh, well! At least we avoided jawluts—touch wood.

## Driver Hurt In Plunge

Driver of a car that went out of control and plunged down a 15-foot embankment on Blenkinsop Road last night is in fairly good condition in Royal Jubilee Hospital.

The injured man was identified by Saanich police as William McAllan, 4826 Major Road.

Police said the northbound car swung onto the wrong side of the road and flipped while tumbling down the bank. Heavy brush on the embankment cushioned the car's impact.

On July 13 Mr. McAllan's house at 3954 Cedar Hill Road was gutted by fire on the day when his wife Peggy was scheduled to return home from hospital with a new baby.

## Province Will Restore Graves of Dignitaries

Premier Bennett announced yesterday the provincial government will restore the graves of former lieutenant-governors and premiers in grave are Lady Trutch as well as Victoria's historic Ross Bay Cemetery.

Grant of \$1,000 for the work has been made to the Victoria section of the B.C. Historical Association. Work will be supervised by James K. Nesbitt, deputy provincial secretary L. J. Wallace.

A few of the gravesites identified those who have held B.C.'s highest offices but several have on them no more than the names.

First grave to be marked will be the Trutch-O'Reilly plot.

Sir Joseph Trutch, first lieutenant-governor after B.C. on Confederation in 1871, died and is buried in England. But buried in the Ross Bay cemetery are Lady Trutch as well as Victoria's historic Ross Bay Cemetery.

Former premiers on the government list are James Dunsmuir and E. G. Prime, both of whom also served as lieutenant-governors. Sir Richard McBride, Amor de Cosmos, A. E. Brice, Theodor Davis, G. A. Walker, A. C. Elliott and Robert Beaven, who was also a mayor of Victoria.

Two other former lieutenant-governors whose graves will be restored are Edgar Dewdney and Albert Norton Richards.

"The government, on behalf of the people of the province, is happy to honor, in this small way, a group of men who gave a very great deal to B.C.," Premier Bennett said. "Their part in the development of this province should not be forgotten and they should be honored in death. Each one of them, in his own way, contributed to our history and our progress."

Premier Bennett quoted Canadian patriot Joseph Howe: "A wise nation preserves its records, gathers up its monuments, decorates the tombs of its illustrious dead, repairs its great public structures, and fosters national pride and love of country by perpetual reference to the sacrifices and glories of the past."

Delving further into the value of strategic wackiness, Mr. Nesbitt said his "extreme" protest in Works Minister Chant over the replacement of the legislative buildings' mosaic tiles with vinyl tiles had achieved some results.

It had enlisted a lot of support from city residents. "The best thing you can do is write letters when you don't agree with something—write your mayor, your alderman... or even better, your newspaper."

He quoted a letter from P. Leonard James, a retired architect, who had worked with F. M. Robertson, architect for the legislative buildings.

## Word from the Leader

## They Do Get Results

## Eccentrics Community Asset

Self-confessed eccentric James K. Nesbitt last night, the method of enlisting non-dedicated, eccentric support by halting as a force for good in any community.

"I'm not saying that every one should be an eccentric," said Mr. Nesbitt, celebrated for his leading campaign at Ross Bay Cemetery and more recently, his sleeping bag sojourn on the floor of the legislative buildings, "but it does get results," he told the Victoria branch of the B.C. Historical Society.

And the general public and organizations such as the historical society can help well-meaning eccentrics accomplish useful purposes, said the speaker.

The resolution calls on the society to ask the provincial government to set up a "small legislative committee" that must be consulted before any alterations to public buildings, "particularly the parliament buildings or Government House," can be made.

The resolution was adopted unanimously. It will be forwarded to the premier and executive council.

"The buildings should not be left to the whim of one person, no matter how well-intentioned he is,"

## Reds Outline Peace Plan

UNITED NATIONS (AP)—The Soviet Union Wednesday night laid before the United Nations an eight-point program to ease international tension and promote general and complete disarmament.

The proposals, contained in a memorandum, included the freezing of military budgets, renunciation of the use of atomic weapons, a ban on war propaganda and withdrawal of all troops stationed on the territories of one country by another.

The aim of the program, the Soviet memorandum said, is to free international relations from "the burden of the cold war."

The Soviet plan called for measures to lessen the danger of surprise attack, the establishment of atom free zones in Europe, Asia and Africa, conclusion of a non-aggression pact between the NATO powers and the Communist members of the Warsaw Pact, and measures against the further spreading of nuclear weapons.

### 'NO NEED TO WAIT'

The Soviet memorandum suggested these steps might be taken without waiting for agreement on general and complete disarmament, provided they did not give any country an advantage. It said their implementation should not divert attention from the general disarmament problem but that they should be considered as preliminary steps to improve the international atmosphere.

Here are the eight points and quotes from the plan:

- Freezing of military budgets—"The Soviet government is proposing... without waiting for the solution of the question of general and complete disarmament... to set a maximum limit for military expenditures in the budgets of states not exceeding the level of their military appropriations as of Jan. 1, 1961."

- Renunciation of the use of atomic weapons—"If the Western powers are not prepared at present to assume together with the Soviet Union, the obligation to unconditionally renounce the use of nuclear weapons, it could be agreed as an initial step to assume the obligation not to be the first to use nuclear weapons."

- Banning of war propaganda—"In some countries it is regarded as almost a demonstration of freedom of speech. We, calling a spade a spade, treat appeals for war, even if they are made in veiled form, as one of the gravest criminal offences."

- Conclusion of a non-aggression pact between the countries of NATO and the Warsaw treaty—"The proposed agreement would be an expression of the fact that the states of the opposing blocs have no aggressive designs."

- Withdrawal of foreign troops from alien territories—"As a first step all foreign troops stationed in Germany could be reduced within a certain time limit by one-third."

- Measures against further spread of nuclear weapons—"In the opinion of the Soviet government there now exists an opportunity to sign an agreement under which the nuclear powers would assume an obligation not to transfer nuclear weapons to the possession of other countries."

- Establishment of atom-free zones—"In the opinion of the Soviet government it would be practically easy to make an atom-free zone out of the whole of the African continent."

- Measures to lessen the danger of a surprise attack—"I say quite straight to the Soviet Union that the world simply cannot survive another example of such double-dealing."

There is no peace in the world, the British statesman said, "because one-third of mankind has governments dedicated to the destruction of the way of life of the other two-thirds."

### 'ADVERTISED PURPOSE'

"They have elevated to the status of dogma the exploitation of civil strife as a means to that end," he said. "I have not invented that. It appears in the published documents of the 81 Communist parties who met in Moscow last year. That is the threat to co-existence which is the advertised purpose of the Communist bloc."

"The most practicable measures that could be taken in the immediate future include the establishment of ground control posts at railway junctions, big ports and on motor highways which would have the task of verifying that no dangerous concentrations of military personnel and material are allowed."

## NASSER FOES GRAB SYRIA

### Army Revolt Success

#### BULLETIN

CAIRO (UPI) — President Gamal Abdel Nasser said today he is sending troops to Syria to put down a revolt against the United Arab Republic. Nasser made the announcement over Cairo radio.

LONDON (AP) — Military rebels last night claimed to have launched a successful uprising in Syria and seized control of the Syrian region of the United Arab Republic in a bloodless coup against the Egypt-Syrian union.

A broadcast over Damascus radio, heard in London, announced the rebels had taken over airports, seaports and radio stations.

LED BY OFFICERS — The broadcast said the uprising was led by army commander Jamal Feyzal and former UAR strongman Lt. Col. Abdel Hamid Arraj.

Radio monitors in London said President Nasser of the United Arab Republic announced over Cairo radio that the U.A.R. army in Syria will march on Damascus and smash the uprising. Nasser was quoted as calling the rebellion a "blow against Arab unity."

"IN FULL CONTROL" — A rebel spokesman speaking for the "high revolutionary Arab command for the armed forces," said over Damascus radio "the army is in full control and it will maintain the safety of all Egyptians in Syrian territory."

"We revolted against those who betrayed national responsibilities and misused public and state funds and enforced a police-type government and ousted the best military personnel from the army," said Damascus Radio's communiqué No. 3.

ARAB UNITY — The communiqué said the revolutionaries believed strongly in Arab unity on "an equal basis of liberty, fraternity and equality between all Arab states from the Persian Gulf to the Atlantic Ocean."

"We will preserve the laws and international relations and will improve ties with Arab states and foreign countries," the communiqué said.

FULL CONTROL — Communiqué No. 4 said the "Arab revolutionary command" was in "full control" of the situation. It threatened agitators with "severe punishment."

Damascus radio said one cable of support came from former Brig. Rifat Khayri, commander of Syria's southern area, saying "we are awaiting orders."

Macmillan In-Law Cited

LONDON (UPI) — Court warrants were issued yesterday against Andrew Heath, a son-in-law of Prime Minister Harold Macmillan, charging non-payment of local property taxes and a water bill. Heath, who runs a car washing business, is married to Macmillan's youngest daughter, Sarah. He was cited for alleged non-payment of taxes totalling \$263.

### Latest Member Greeted

Five delegates from Sierra Leone listened to welcome from Britain's Lord Home during General Assembly meeting yesterday after their nation was admitted to United Nations. From left are Sir Milton Margal, prime minister; Dr. John Smart, external affairs; and Gaston Collier, UN delegate. Two in back row were unidentified. —(AP Photofax)

## Red Chinese Fleeing From Soviet Fallout

TAIPEI, Formosa (UPI) — Radio Peking has warned that the population of Northwest China is threatened by "dense and poisonous radioactive fallout" coming from the Soviet Union, National Chinese intelligence sources reported today.

The radio was quoted as saying that the situation in Sinkiang province bordering on Russia is so serious that inhabitants have been urged to leave the region.

TROOPS MOVE IN — Troops have been ordered to Sinkiang to help people leave by providing them with vehicles and boats.

Peking radio said the "dense" fallout had resulted from Soviet nuclear tests in Central Asia.

TOLD TO REPORT — Radio Peking asked people to report immediately to local authorities if they have skin burns, severe headaches, or feel unusually tired.

### Ontario Fire Claims Seven

PORT DOVER, Ont. (CP) — Seven persons — five children and their parents — were reported to have been killed early today in a fire which destroyed their home in this Lake Erie town 27 miles south of Brantford.

A sixth child was taken to hospital in nearby Simcoe. Names of the victims were not immediately available.

## Senate 'Killing' Of Tariff Bill 'Will Cost Jobs'

OTTAWA (UPI) — Prime Minister John Diefenbaker last night formally conceded that the Senate had killed his government's controversial tariff bill.

But Diefenbaker warned the upper house it "must accept the blame" for the loss of thousands of jobs which, he said, would result from the Senate's action last summer, "UNTENABLE POSITION."

Diefenbaker, who had threatened to take the issue of Senate reform to the Canadian people in a general election "sooner or later," rose dramatically in the Commons to make his statement at the end of yesterday's sitting.

The prime minister said the Senate was placed "in an untenable constitutional position" in its insistence on providing a right of appeal to certain arbitrary tariff rulings by the revenue minister.

The senators "must accept the blame for the economic consequences of their action," Diefenbaker said.

### Tax Collector For Jungle

SALISBURY, Southern Rhodesia (UPI) — The tax collector — that symbol of civilization — will soon make his appearance in the African jungle. The Southern Rhodesian native affairs department said yesterday it would send agents throughout the territory to collect \$2,800,000 in overdue taxes from delinquent natives.

### He's 95 Today

Remarkably young-looking and spry for his age, Eric C. Jamieson, 1147 Hilda, celebrates his 95th birthday today. Steering clear of worry should result in long and happy life for most people, he says. Mr. Jamieson came to Canada from Inverness, Scotland, in 1906 and lived in Paris, Hamilton and Ottawa before coming here about 16 years ago. Widowed late in life, he re-married during his 80s. —(Colonist photo.)

## 'Dirty Deals' Hit

UNITED NATIONS, N.Y. (UPI) — Britain warned Russia yesterday against its "double-dealing" in world affairs and called upon the Soviet Union to abandon its policy of exploiting civil strife.

Britain's foreign secretary, the Earl of Home, vigorously rejected the Soviet-proposed "troika," or any variant of the "troika" to direct the United Nations in succession of the late Secretary-General Dag Hammarskjöld.

### PLAN ENDORSED

In a policy speech to the General Assembly, Lord Home endorsed the disarmament plan proposed by the United States earlier this week and called for self-determination for the people of Berlin and all of Germany.

### DECEPTION CHARGED

He denounced Russia for its "deliberate deception" in preparing its current series of atmospheric nuclear tests while it negotiated with the United States and Britain at Geneva on a treaty to ban all atomic explosions.

### DESTRUCTION AIM

"I say quite straight to the Soviet Union that the world simply cannot survive another example of such double-dealing."

There is no peace in the world, the British statesman said, "because one-third of mankind has governments dedicated to the destruction of the way of life of the other two-thirds."

### 'ADVERTISED PURPOSE'

"They have elevated to the status of dogma the exploitation of civil strife as a means to that end," he said. "I have not invented that. It appears in the published documents of the 81 Communist parties who met in Moscow last year. That is the threat to co-existence which is the advertised purpose of the Communist bloc."

## BCE Board Pay Cuts Considered

VANCOUVER (CP) — B.C. Electric's board of directors is studying the problem of salary reductions to bring them in line with those prevailing in other comparable organizations, the company said on Wednesday.

Dr. Gordon Shrum, BCE chairman and president, said salaries at higher levels were out of line with those prevailing in other Crown corporations and with other Canadian public utilities, whether privately or publicly owned.

He added that salaries at lower levels appeared to be more comparable.

## Smallpox Hits Congo Area

GENEVA (UPI) — The United Nations World Health Organization said yesterday that a smallpox epidemic has broken out in the Congo's south Kasai area. WHO officials said vaccine will be rushed to Bakwanga in response to reports from doctors there.

## U.K. Troops Quit Kuwait

KUWAIT (UPI) — Nearly 300 British troops were flown out of Kuwait yesterday. All British forces were withdrawn from defensive lines and replaced by Arab troops and armored units of the Saudi Arabian army.

## B.C. 'Nerve War' Hurts Revelstoke

REVELSTOKE (CP) — A CCF member of the B.C. legislature Wednesday blamed the B.C. Power Commission for a "crippling war of nerves" in a district destined for flooding and hydro-electric development.

George Hobbs, the member for Revelstoke, was speaking at hearings into the application for a licence to proceed with the vast \$458,000,000 Columbia development scheme. Mr. Hobbs said he blamed

the power commission for increased unemployment in the district, and charged commission officers at the hearings had inadequate answers to witnesses' questions.

The MLA said no allowance had been made in Columbia plans for surges in the river level.

Provincial water controller A. F. Paget, conducting the hearings, said in reply "it is not as devastating as you are trying to make it sound."

### Candidate

Launching campaign for governorship of California, former Republican vice-president Richard Nixon says he will not make a second bid for presidency if he is elected to highest state office in 1961.

## Nuns Banished for Brawl

VENICE (Reuters) — Eight Roman Catholic nuns, including a former mother superior, have been dismissed from their order after engaging in a free-wheeling brawl, it was reported here Wednesday.

Msgr. Angelo Tomasini, delegate of the Bishop of Treviso in north Italy, said the nuns had been reduced to lay status after "a grave act of disobedience" at the Immaculate Heart of Mary Convent near Venice.

The police commandant at Dan Dona di Piave, home of the Clarisse Order at the convent, told reporters a fight broke out at the convent Tuesday between nuns of two orders.

One of the convent's nuns, Sister Elisabetta Polignano of the Franciscan Order, said a monk who intervened in the quarrel hit her and two other nuns with a stick.

Sister Elisabetta said the trouble arose out of a long-

standing disagreement between Franciscan nuns and nuns of the Clarisse Order at the convent.

"Strong words were exchanged among the nuns and a fight broke out," she continued. A monk sent to the convent to investigate the dispute then "waved a stick at us," Sister Elisabetta said.

Three Franciscan nuns, including herself, were "hit in many parts of our bodies," she said.

Sister Elisabetta said Msgr. Tomasini arrived at the convent that night and ordered the Franciscan nuns to leave.

He also told the Clarisse nuns to leave, telling them to stay in a nearby orphanage.

The Franciscan nuns were still at the convent Wednesday night despite the order.

Msgr. Tomasini said: "If the rebellious sisters do not leave the convent voluntarily, they will be removed with the aid of public force."
